RELEASE DATE: September 20, 2018

Chino Valley Fire District Open House

The Chino Valley Fire District is hosting our annual Open House on Saturday, October 13 from 11 a.m. to 2 p.m. at Fire Station 61 and Training Center, located at 5092 Schaefer Avenue, Chino.

Firefighters will wear different uniforms and protective gear to highlight the Fire District's specialty teams, conduct hands-only CPR classes, and offer a brief introduction to our First Care Provider program.

Demonstrations throughout the day will include a vehicle fire and auto extrication. Fire and rescue equipment will be on display and fire station tours will be available at designated times.

“The Fire District’s annual Open House is a great way for the community to interact with their Fire District and to learn about the services we provide,” said Fire Chief Tim Shackelford.

The Chino Valley Fire District Honor Guard will be selling a hotdog lunch, bag of potato chips, and a drink for \$5 as a fundraiser. Chino Valley Fire District Explorer Post 911 will be selling bottled water and snow cones for \$1 each to raise funds for the Post.

Community organizations, city agencies, and other volunteer groups will host informational booths at the event.

We look forward to welcoming the public to an educational and fun day for the entire family.

For more information on our annual Open House, follow us on social media or visit our website at www.chinovalleyfire.org.
