CVFD Awarded Prestigious Award For Financial Reporting

The Chino Valley Fire District received the prestigious Distinguished Budget Presentation Award for its 2020/2021 budget, from Government Finance Officers Association.

The award represents a significant achievement and reflects the commitment of the Fire District's governing body and staff to meet the highest principals of governmental budgeting. In order to receive the budget award, the Fire District had to satisfy nationally recognized guidelines for effective budget presentation. These guidelines are designed to assess how well an entity's budget serves as a policy document, a financial plan, operational guide, and a communications device. Budget documents must be rated as proficient in all four categories, and in the fourteen mandatory criteria within those categories, to receive the award.

The Government Finance Officers Association (GFOA) advances excellence in government finance by providing best practices, professional development, resources, and practical research for more than 20,500 members and the communities they serve.

Award recipients are pioneering efforts to improve the quality of budgeting and provide an excellent example for other governments throughout North America.
