RELEASE DATE: June 23, 2021

2020-21 State of the Chino Valley Fire District

The Chino Valley Fire District released its 2020-21 State of the Fire District video highlighting the District's approach to the many unprecedented challenges brought on by a global pandemic.

The Board of Directors and management's leadership, coupled with the efforts of our dedicated personnel, ensured that the Fire District responded to our residents' changing needs while delivering quality care and exceptional service.

The State of the Fire District video speaks to the multiple safety measures implemented to protect the public and our personnel. It highlights the Fire Districts involvement in the XBO Incident Management Team for San Bernardino County, the Serving our Seniors program, our continued partnership with the cities we serve, as well as our personnel's rigorous training and community involvement.
