

ONLINE PERMIT PORTAL INFORMATION

Access Chino Valley Fire's Online Permit Portal via our website at www.chinovalleyfire.org.

Place your cursor on the Services Tab.
Click on Permit Portal

Welcome to the home page of the online permit portal.

Before you can log in, you will need to activate your account.
See page 2 for steps on how to activate your account.

The home page is where you can activate your account, submit to find your username, once it has been established and or password, in the event you forget it.

Once you are logged in, the home page for your account will be "My Permits", this page will provide you access to the permits issued to you. Please note: Although there is a note that reads *"Below is a list of the permits associated with your account. Click on a permit to get additional information, schedule inspections, or even make payments!"* our current process does not allow for scheduling of inspections. This message is imbedded in the software and we are not able to change it.

All documents uploaded to the online permit portal need to be in PDF format.

ONLINE PERMIT PORTAL INFORMATION

How to make application for a permit?

After logging in; click on "Request Permit" to apply online and upload your plans.

***Permit Type:** Select from the drop down menu.

***Worksite Address:** Begin typing the address, the field will start to auto-populate. If you have an issue finding an address, please e-mail permits@chofire.org or call (909) 902-5280 Option #2.

***Description of Work Being Done:** Enter scope of work and be specific. (Example: Installation of 3 systems/risers. Each system has 200 heads)

Description of Location: If the site has a business or project name, please include the name here. You can also include information about the floor or section of the building the work will be conducted in. If the request is for a tract, include the tract #, phase and plan type.

Comments/Additional Info: Include any information that will allow our office to process the application.

Check the box below the comments section in order to upload documents on the next page.

Lot Number: This is required for residential tracts, including sprinklers and or photovoltaic for residential tract homes.

Current Property Value: Not Required

Estimated Improvement Value: Not Required

Improvement Sq. Ft.: This information is required for all new residential, commercial or industrial projects, as well as any T.I. permits for similar work. All HPS submittals are required to provide this information.

***Contact Email Address:** This field is auto-populated and linked to our database. If it is blank, please contact our office to provide a contact e-mail. You can either e-mail permits@chofire.org or call (909) 902-5280 Option #2.

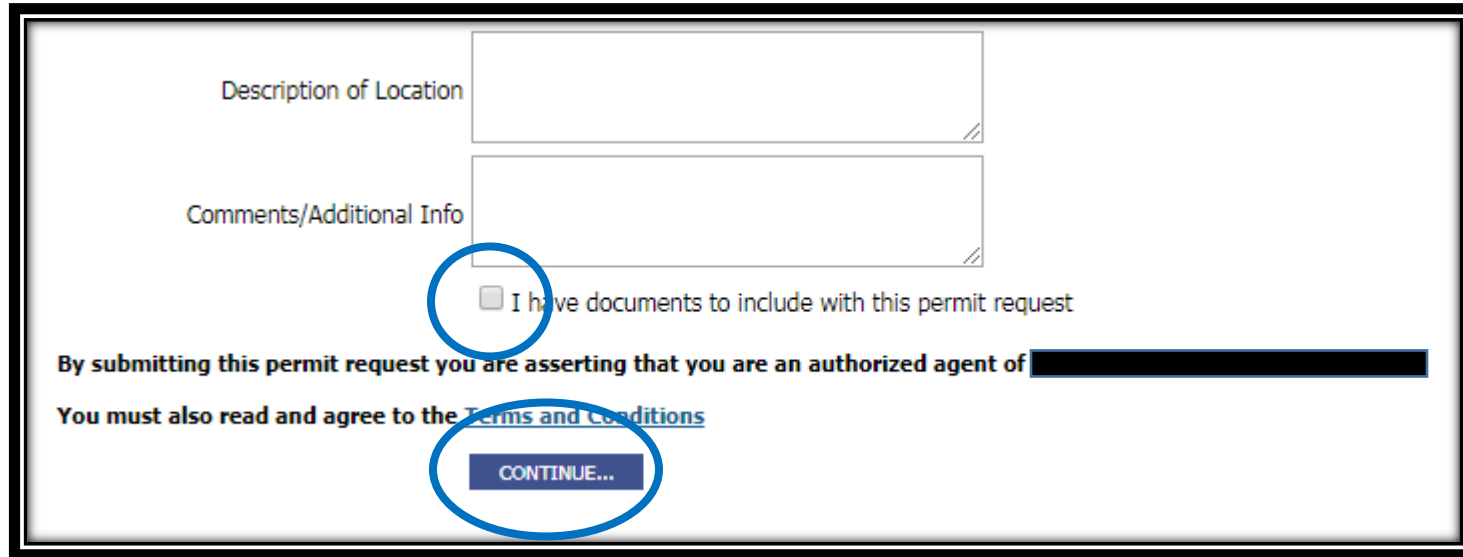

***Phone Number:** This field is populated with the information associated with our database. If it is incorrect, please e-mail us at permits@chofire.org or call (909) 902-5280 Option #2.

Click the Continue button at the bottom of the screen.

ONLINE PERMIT PORTAL INFORMATION

Where do I upload plans?

At time of initial request/submittal, you will need to check the box directly under the “Comments/Additional Information” box. Once this box is checked and you click “Continue”, you will be directed to a screen allowing you to upload the plans, cut sheets, consultant letter and any other relevant documents. All documents need to be in PDF format.

The screenshot shows a web form with two text input fields: "Description of Location" and "Comments/Additional Info". Below the "Comments/Additional Info" field is a checkbox labeled "I have documents to include with this permit request", which is checked. Below the checkbox is a line of text: "By submitting this permit request you are asserting that you are an authorized agent of [redacted]". Below that is a link: "You must also read and agree to the [Terms and Conditions](#)". At the bottom of the form is a blue button labeled "CONTINUE...". Two blue circles highlight the checkbox and the "CONTINUE..." button.

If you fail to upload the documents/plans at the time of initial request/submittal, you will have to wait until the application is reviewed by our office. Once that is complete, you can access the application under “My Permits”. Click the application/permit hyperlink. Scroll to the bottom of the page. You will find a “Documents” section, where you will be able to upload the documents/plans.

The screenshot shows a section titled "Documents (0)". Below the title is a table with a single header row: "Filename". Below the table are two buttons: "+ Select Files To Upload" and "Download Selected Files".

If you experience any issue with uploading the document, due to the size, please contact our office.

Can I pay fees through the online permit portal?

Yes. After your request/submittal has been reviewed by our office and the status of the request is no longer pending, the fees that have been assessed to the request/submittal can be paid online. Once fees have been assessed to the application, they are required to be paid within 5 business days. Fees paid by credit card, will incur a 2.5% convenience fee.

To pay online via the permit portal, once you are logged in, click on “Billing & Payment”, this will show you all fees associated to an application/permit that are unpaid. You will be able to select what application/permit you wish to pay.

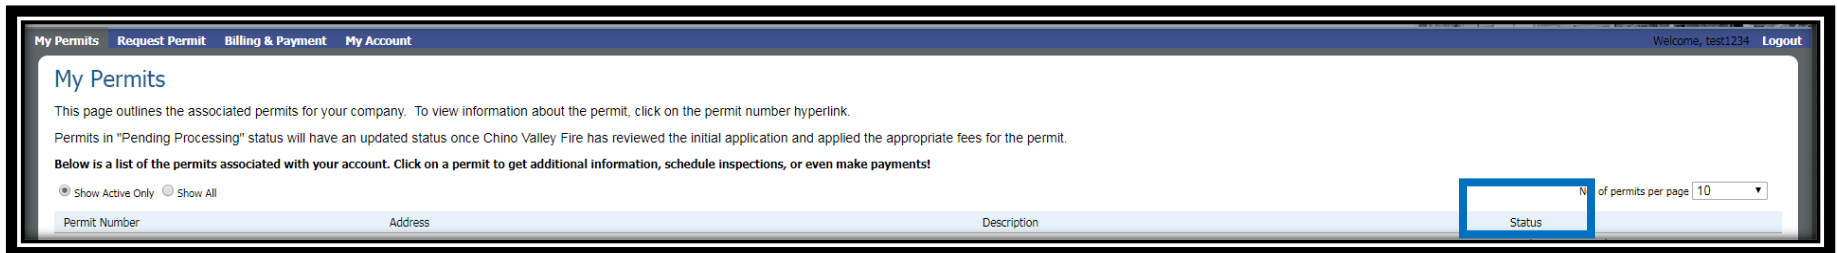

What other options are available for paying on a permit request/submittal?

You are able to submit payment in person at our office, located at 14011 City Center Drive, Chino Hills. Once fees have been assessed to the application, they are required to be paid within 5 business days.

How do I check the status of my plan review?

Once you are logged into the online portal, you can review the status of an application/permit by clicking on the application/permit number under “My Permits”. The application/permit will be in one of 7 statuses that is available. See page 6 for the various application/permit statuses.

ONLINE PERMIT PORTAL INFORMATION

What does my application/permit status mean?

Application Created: Waiting for plan check review.

Application Canceled: Job canceled.

Application Denied: Corrections needed.

Permit Created: Plans approved; Permit waiting to be issued.

Permit Issued: Work can commence.

Permit Expired: Application/permit exceeded time with no activity.

Permit Complete: All inspections finalized.

How do I submit revisions and/or as-builts plans?

Access the application/permit under “My Permits”. Click the application/permit hyperlink. See page 4 on how to upload plans. Please note: All revised and/or as-built plans should be labeled with the permit number_job site address_title of plans.

Example: 2023-1010_14011 City Center Dr_Revisions or 2019-1010_14011 City Center Dr_AsBuilts

How do I schedule inspections?

Contractors are required to contact our office a minimum of 48 hours prior to the desired date and time of the requested inspection. The 48 hours does not include weekends and or holidays. Most projects will have an assigned inspector and the inspections should be scheduled with the assigned inspector. A business card is provided at the time of permit issuance for the assigned inspector. If you do not know who your project inspector is, please contact us at 909-902-5280 Option #2 and #1 or e-mail us at permits@chofire.org.

Can I check the status of my inspections?

Yes. Once you are logged in, access the application/permit under “My Permits”. Click the application/permit hyperlink. Scroll to near the bottom of the page. You will find an “Inspections” section where you will be able to view the required inspections and the status of the inspection(s).

Date	Inspection Type	Request	Inspection Comment	Status	Pass/Fail
