June 14, 2023

The Chino Valley Fire District’s mission is to provide exceptional service and to safeguard the community, and our *Mission, Vision and Values Policy Statement (MVV)* articulates the five cornerstones of the District’s vision as well as our core values of faithfulness, integrity, respect and excellence. I am pleased to report that our CVFD personnel remain steadfastly focused on the District’s mission and our core values.

This balanced budget will allow the District to further its vision to seek excellence in everything we do, remain transparent, appreciate our members, value the public trust above all else, and endeavor to learn and grow. I am pleased to present this 2023-24 Original budget, also referred to as the FY24 budget, to our Board of Directors, stakeholders, staff and the public. The FY24 budget represents a realistic yet conservatively based financial plan for the new fiscal year, ensuring that the District will continue to maintain exceptional, cost effective fire protection and emergency services as we safeguard the public.

These past few years has continued to yield remarkable challenges locally and beyond. We offer our condolences to the loved ones of those in our community who lost their lives amidst the COVID-19 pandemic. We recognize that this public health crisis has yielded significant personal and economic hardship for many of our residents. While the sting of the pandemic appears to be behind us, we are still facing some of the consequences in supply chain

issues as well as rapid inflationary pressures.

Resilience has and will continue to be an important factor in the recovery process, and despite this continuing challenge, I am pleased to report that the state of the District is good.

New construction in the District and a strong local housing market continue to provide for growth in revenue. With this growth, the District will likely continue to experience challenges associated with greater demand for service in FY24, including increasing emergency call volumes and community risk reduction activities. Total calls for emergency service were 13,811 in 2022, an increase of about 4.1% over the prior year. In the last ten years, call volume has increased nearly 46% in aggregate.

Given the long-term growth patterns in call volume and continuing area real estate development, it is likely that the trend toward increasing emergency service demand will continue for

Chart 1

the next several years. The District and the City of Chino Hills have entered into an agreement to construct a new fire station in Chino Hills. The new fire station will help to maintain our service delivery as call volumes have increased and are projected to continue to increase.

Seeking Excellence, Remaining Transparent & Valuing the Public Trust – The District participates in the Government Finance Officers Association (GFOA) financial reporting and budget presentation award programs. The GFOA established the Certificate of Achievement for Excellence in Financial Reporting Program to encourage and assist state and local governments to go beyond the minimum requirements of generally accepted accounting principles, to prepare annual comprehensive financial reports that evidence the spirit of transparency and full disclosure, and then to recognize individual governments that succeed in achieving that goal.

The GFOA established the Distinguished Budget Presentation Awards Program to encourage and assist state and local governments to prepare budget documents of the very highest quality that reflect both the guidelines established

by the National Advisory Council on State and Local Budgeting and the GFOA's best practices on budgeting, and then to recognize individual governments that succeed in achieving that goal.

I am pleased to report that the District once again earned these prestigious national awards this past year. The awards are further detailed elsewhere in this budget document.

Additionally, the District is accredited as a Platinum District of Distinction (DoD) by the Special District Leadership Foundation (SDLF). The SDLF is a 501(c)(3) organization dedicated to providing recognition and certification opportunities to special district officials and employees to enhance service to the public. SDLF is dedicated to excellence in local government.

The Platinum DoD award is SDLF's highest level of recognition for a special district. This award incorporates completion of all SDLF programs, and demonstrates a comprehensive approach toward excellence in district administration and governance.

I'd like to extend my sincere appreciation to our Board and staff for their continuing commitment to participating in these prestigious award programs, which require significant ongoing effort to meet the rigorous requirements for maintaining eligibility. These awards evidence the District's commitment to public trust and transparency, and reinforce our dedication to the District's core values of faithfulness, integrity and excellence.

FISCAL UNCERTAINTIES HEADING INTO FY24 BUDGET YEAR

Supply Chain Issues & Inflationary Conditions – Supply chain issues and current inflationary conditions are anticipated to generally result in delays in receiving some products, supplies and equipment, while associated prices are likely to continue to rise. The District has incorporated known and anticipated price increases into the FY24 budget, as well as the potential impacts of supply chain delays, both

from an operational and estimated timing of budgetary impact perspective.

Anticipated assembly line delays for fire apparatus, for example, requires thoughtful consideration and careful planning with regard to fleet management. For instance, the Board approved the purchase of an aerial ladder truck for the opening of Fire Station No. 68 in FY23, however, the build out time at time of order is estimated to be 810-840 days.

Station No. 68 Construction Project –
The District and the City of Chino Hills

have entered into a property transfer and development impact fee payment agreement associated with construction of Fire Station No. 68 in Chino Hills. Terms of the agreement call for the city to provide an unimproved four-acre parcel of land and \$8 million in funding to the District to construct and equip Station No. 68 near Soquel Canyon Parkway and Pipeline Avenue in Chino Hills. The project is being managed by the District, and any project costs above and beyond \$8 million will be the responsibility of the District.

The project is currently in the design phase and it is anticipated that the project will go out to bid in FY24 with a an estimated ground breaking in Q4 2023.

The construction portion of the project is anticipated to go to a competitive bid process during the first half of FY24, and the District will be in a better position to fully access the fiscal impacts of the total project upon award of the bid. In FY22, the District’s Board earmarked roughly \$1.1 for project contingency costs, above and beyond the \$8 million in contract funding. This is reflected in the Facility Acquisition and Maintenance Fund portion of committed fund balance, and is available should costs exceed the \$8 million from the City of Chino Hills. See *Changes in Fund Balance* report for committed fund balances.

Once construction is complete and the station is certified for occupancy, the District will own and operate the facility, also assuming ongoing responsibility for staffing, operating and maintaining the new fire station. The new station is projected to be operational around January, 2025. Provision for the ongoing Station No. 68 projected operating costs has been included in the *Long-Range Financial Plan* in this budget.

Ambulance Crisis – The District’s Board authorized the emergency purchase of up to four ambulances during FY22 as part of a public-private partnership with American Medical Response (AMR), San Bernardino County’s exclusive private ambulance provider. This agreement provided for critically needed ambulances, operated by District staff, necessary for emergency patient transport in District, due to AMR staffing shortages. This temporary arrangement expired October 2022. In the meantime, the District has committed to additional staffing in FY23, in part, due to the potential for continuing patient emergency transport by District personnel. See *New This Year* section below for additional information regarding personnel additions.

Healthy Emergency Contingency and Unassigned Fund Balances

I am pleased to report that although the District is facing these uncertainties headed into FY24, we are projecting a balance in the Emergency Contingency portion of Committed Fund balance of nearly \$9.3 million and \$11.2 million in the Unassigned portion of Fund balance at June 30, 2023. These funds are readily available to offset general economic uncertainty in FY24. See *Changes in Fund Balance* for additional information regarding the District’s projected Fund balances.

NEW THIS YEAR

Restoration of Training Budget

I’m pleased to report that we’re largely anticipating a continued return to normalcy with regard to mission-critical training.

Highlights include:

- 🔥 Cardiac care program
- 🔥 Hazardous materials
- 🔥 Urban search and rescue
- 🔥 Auto extrication
- 🔥 Wildland firefighting
- 🔥 Peer support group
- 🔥 Aerial ladder truck training
- 🔥 Shift investigator program
- 🔥 Response technology integration

Statewide Leadership – I would like to acknowledge our Board of Directors for leading by example in taking active roles in statewide professional organizations for local government. The Board recognizes the very tangible benefits to the District that participation in leadership at the state level holds for our elected officials.

Board members currently involved in statewide leadership are as follows:

- **Board President John DeMonaco**
 - *Committee Member, Legislative & Fiscal Committees – California Special Districts Association (CSDA)*

- **Board Member Sarah Ramos-Evinger**
 - *Committee Member, Professional Development & Membership Committees – CSDA*

EXTENSIVE BUDGET DEVELOPMENT PROCESS

This document represents the culmination of a collaborative budget development process which officially kicked-off last December and spanned some six months. An extensive number of study and review sessions were held in support of the compilation of the budget, including a Budget Workshop in late May. The Preliminary and Final budget cycles have been consolidated into a single Original budget cycle and publication. This consolidation of budget cycles provides for a more streamlined and efficient budget process. The FY24 *Budget Calendar* is included in this budget document for reference.

BUDGET OVERVIEW

No Changes Between Proposed and Adopted Budget

I am pleased to report that there are no changes between the District’s proposed and adopted FY24 Original Budget.

Highlights

Highlights of the FY24 budget include a balanced budget, with a operating surplus of \$240,913. Total revenues are budgeted at \$55.2 million and expenditures are budgeted at nearly \$55 million. Unrestricted ending Fund balance is projected to be about \$33.8 million at June 30, 2024.

Property tax in FY23 include one time payments expected to be received as a result of a property tax audit. Property tax-related revenues are forecast at a year-over-year growth rate of about 5%, after excluding these one time revenues in FY23, while total expenditures are anticipated to remain at relatively the same level from last year. See Table 1 below for a five-year summary budget comparison. Additional details regarding revenues and expenditures are summarized below.

Table 1

REVENUE RECAP

Total revenues of nearly \$55.2 million in the FY24 budget represent a \$1.11 million reduction or 2% decrease over FY23 budgeted revenues. Contract revenues of about \$12.6 million, combined with property tax revenues of \$40.1 million, represent some 95% of District revenues in the FY24 budget. As further explained below, the primary reason for the anticipated decrease in year-over-

year revenues is the receipt of nonrecurring one-time property tax and “other” revenues received in FY23.

Over the last five years, total revenues have increased by an average of about 3.4% annually. The revenue mix by major category is depicted in Chart 2 below.

Chart 2

Chart 3

Property Tax-Related Revenues

The District receives direct property tax revenues for tax rate areas (TRA) within the cities of Chino and Chino Hills, as well as adjacent unincorporated areas of San Bernardino County located within the District’s service area. Primarily as a result of now former redevelopment areas in the City of Chino, direct property tax payments received by the District for Chino TRA average less than half of the average property tax share received by the District for non-Chino TRA elsewhere within our jurisdiction. An equity agreement between Chino and the District provides for annual contract revenue payments to the District, when combined with direct property tax payments received by the District for Chino TRA, equivalent to the average property tax share received by the District in non-Chino TRA. For non-Chino TRA, the District receives its full property tax share directly through the County of San Bernardino.

The analysis and projection of property tax-related revenues, both direct property tax revenue combined with the aforementioned equity agreement revenue, is critical to the District’s budget. These revenues have been forecast in close cooperation with the District’s property tax consultant, with achievable, yet conservative estimates for growth in revenues. A thorough review of the tax role has been completed, including projected assessed values and forecasts for additions to the tax role for new construction within the District. Revenues have also been validated in comparison to FY23 updated projections as well as longer-term historical trends, with an emphasis on revenue trends over the last five years. Property tax-related revenues have increased on average 5.4% over the last five years.

Chart 4

Special Districts Leadership Foundation - District of Distinction Since 2008

The District’s 4.5% conservatively forecasted growth rate in property tax-related revenues is attributable to annual valuation changes, projected additions of new development to the tax rolls, and other property tax adjustments for FY24.

Major components of property-tax related revenues are as follows:

PROPERTY-TAX RELATED REVENUES						
(in millions)	FY20	FY21	FY22	FY23 Budget	FY24 Budget	FY24 vs FY23 Change
Secured property taxes	\$ 29,533,154	\$ 31,039,216	\$ 32,838,057	\$ 36,398,197	\$ 36,079,723	\$ (318,474)
Current services	10,236,270	11,042,545	11,255,485	12,021,811	12,604,408	582,597
Unsecured property taxes	1,302,522	1,403,249	1,449,427	1,376,720	1,407,812	31,092
Property taxes - prior and penalty	785,199	964,168	966,240	800,000	905,202	105,202
All other property taxes	1,286,927	1,594,923	1,819,388	1,456,725	1,708,683	251,958
	\$ 43,144,072	\$ 46,044,101	\$ 48,328,597	\$ 52,053,453	\$ 52,705,828	\$ 652,375

Table 2

Other Revenues

Other revenues, which account for roughly 5% of the District’s budget, are projected to decrease about \$1.77 million in comparison to the FY23 budget, to \$2.56 million in FY24. This is related to an assumed significant reduction in mutual aid recoveries due to the unpredictable nature of incidents that require mutual aid, as well as one-time grant monies received in FY23 for the Assistance for Firefighters Grant, as further described below. Major components of other revenues are as follows:

Table 3

OTHER REVENUES						
(in millions)	FY20	FY21	FY22	FY23 Budget	FY24 Budget	FY24 vs FY23 Change
Permit & inspection fees	\$ 1,354,350	\$ 1,356,952	\$ 1,714,517	\$ 1,572,597	\$ 1,663,164	\$ 90,567
Mutual aid recoveries	377,934	3,665,909	5,141,522	2,100,000	500,000	(1,600,000)
All other	544,719	214,492	7,099,746	665,483	404,000	(261,483)
	\$ 2,277,003	\$ 5,237,353	\$ 13,955,785	\$ 4,338,080	\$ 2,567,164	\$ (1,770,916)

Permit and inspection fee revenues result from the recovery of costs for fire prevention activities such as new construction planning and special event permits, and annual fire and life safety inspections of permitted occupancies such as places of assembly, high piled storage locations and hazardous materials operation. User fees for FY24 are projected to increase about \$90 thousand over FY23 budget levels based largely on trends in new construction activity.

Mutual aid recoveries, which includes reimbursements from state and federal agencies for emergency responses to out-of-area incidents, can be extremely volatile from year-to-year and difficult to project due to the highly unpredictable nature of those events. Also included in this account for FY23, are revenues associated with ambulance transport through October 2022 which will not be continuing in FY24, based on the best available information at this time. In total, about \$1.6 million in mutual aid revenues from FY23 are not assumed to be nonrecurring in FY24.

Additionally, other revenues in FY22 included about \$3.3 million in one-time grant revenues received from a state COVID-19 relief fund for special districts.

EXPENDITURE RECAP

As a service organization, salaries and benefits represent a projected 85% of total budgeted expenditures in FY24. Total non-capital expenditures for FY24 are projected to increase about 1%, or roughly \$476,000, in comparison to the FY23 budget. Salary and benefit expenditures are projected to decrease about 1.8%, while services and supplies are projected to decrease by about 4.1% in FY24.

See Tables 4 and 5 below for specifics regarding year-over-year changes in salaries and benefits, and services and supplies, respectively.

Chart 5

Salaries and benefits

Work shifts for the vast majority of safety positions require constant staffing, open or vacant positions result in associated work shifts being covered on an overtime rate basis. The District develops projections for the number of

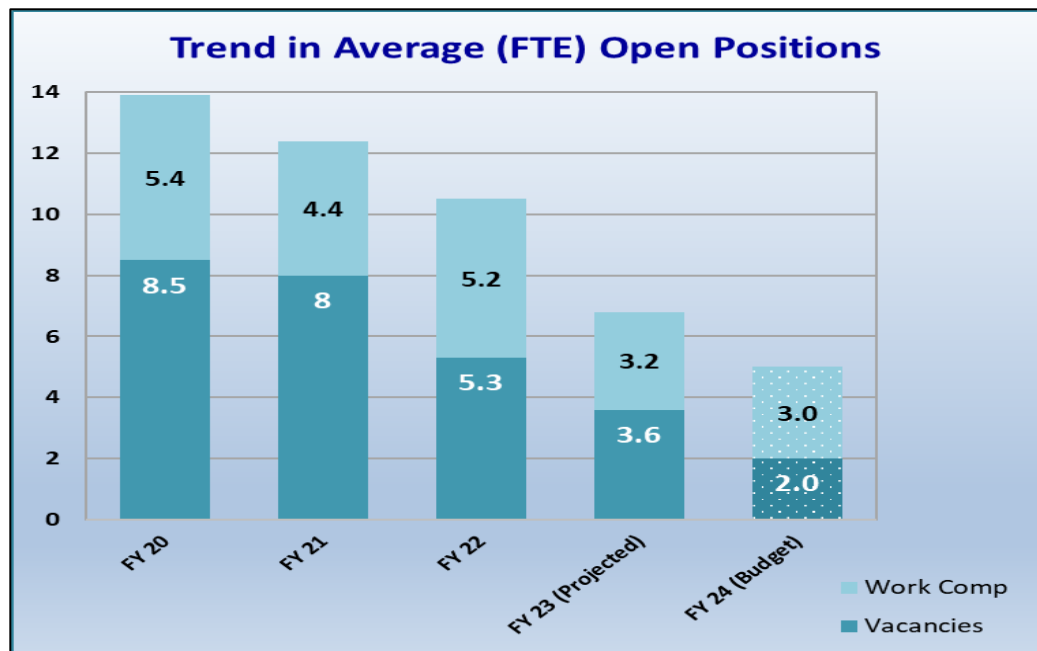

Chart 6

anticipated open positions each year for budgetary purposes. Open positions are created through a combination of retirements and other separations of employment. Chart 6 details the five-year trend in open positions, including for staff off work due to worker’s compensation illness and injury, as further described below. The District anticipates a lower average open position vacancy factor in FY24, due primarily to fewer open positions projected at the end of FY23.

While vacant constantly staffed positions result in higher coverage (overtime) costs, the vacancies also result in lower regular salaries and employee benefits costs. For FY24, on average, the total cost to staff an open safety position on an overtime basis is projected to be substantially equivalent to that of a benefitted regular employee.

With regard to work comp vacancies, salary and benefit continuation is incurred for employees off work due to illness and injury, while additional coverage costs are incurred to ensure constant staffing levels. The greater the number of work comp vacancies, the more significant impact will be on coverage costs. For FY24, work comp vacancies are projected at a level similar to the forecast for FY23.

Total salaries and benefits are projected to increase by 1.8%, or \$813 thousand in FY24. Major components of the change are summarized in Table 4 below.

Projected Year-Over-Year Adjusted Salaries & Benefits Changes (Net)	
Description	% Change vs. FY23 Budget
Regular pay	1.9%
Coverage costs (overtime)	(1.9%)
Health benefits	0.9%
All other changes (net)	0.9%
Total adjusted projected salaries & benefits changes (net)	1.8%

Table 4

Most significantly, regular pay is increasing due to scheduled salary increases after also accounting for current projected vacancies. The aforementioned assumed reduction in mutual aid recoveries of about \$1.6 million in FY24 will also have a direct favorable impact on coverage (overtime) costs, since the vast majority of the associated staffing costs were incurred on an overtime basis.

Services and supplies

Services and supplies are expected to decrease by about \$337,000, or 4.1%, on a net basis over the FY23 budget. Major components of the net decrease are summarized below:

Projected Year-Over-Year Services and Supplies Changes (Net)	
Description	% Change vs. FY23 Budget
Small tools and equipment	0.1%
Inventory equipment	(1.2%)
County services	(1.7%)
Fuel	(0.6%)
Services – other	(1.5%)
Structure maintenance	(1.3%)
All other miscellaneous changes (net)	2.1%
Total projected services and supplies changes (net)	(4.1%)

Table 5

Most significantly, the budgets for various equipment accounts and structure maintenance are projected to be slightly lower as inflationary expectations have decreased. Fuel prices have been budgeted according to current trends in costs. Service - other includes the full costs associated with the wildland contract with Cal Fire as part of the agreement with Chino Hills to fund construction for Fire Station No. 68, the District agreed to bear the full cost of the Cal Fire agreement for wildland fire protection, with FY23 being the first full year of implementation.

Capital outlay

The FY24 budget includes about \$677 thousand in capital outlay, most significantly:

- Fire Station No. 68 Construction Project - \$389,000 for architectural services and project studies in conjunction with the construction project
- Battalion Chief Unit - \$200,000
- Radio Replacements (6) - \$48,000
- A/C and Water Heater – \$40,000

See the *Budgeted Expenditures Variance Report* and the *Budget Transactions* reports for detailed expenditure variances and additional information on budgeted line items, including capital outlay.

OTHER INITIATIVES FUNDED THROUGH THIS BUDGET

There are a number of projects, purchases and other initiatives which will be undertaken in FY24 with funding from this budget, including:

- Employee cost sharing of retirement contributions by all retirement-eligible personnel, resulting in a projected nearly \$2.70 million in cost savings for the District
- Wildland fire protection agreement with Cal Fire – approximately \$490,000
- Wellness exams for safety personnel - \$67,830

OTHER ECONOMIC AND OPERATIONAL ISSUES

Continuing Pension Cost Mitigation

While I’m pleased to present this balanced budget to the Board, and while the state of the District’s overall financial condition is stable, like other government agencies in California, particularly those with public safety retirement plans, we are not immune to the effects of the public pension crisis. Pension cost issues have been and will continue for the next decade plus, to be a significant budgetary concern for government agencies throughout the state and across the nation.

Chart 7

Pension Cost Sharing – I am pleased to report that our classic retirement status employees are contributing 12% of qualified pay, and classic miscellaneous members contributing 11% of pay toward retirement. This compares very favorably to the statutorily required CalPERS member contributions of 9% and 8% for safety and miscellaneous retirement plan members, respectively. Full pension reform has only been possible through the shared commitment and partnership of the District’s Board of Directors, our labor groups and unrepresented management and confidential personnel.

Cumulatively, including our projections for FY24, some \$18.3 million will have been contributed by our employees toward retirement benefit costs over the now ten-year period since employee pension cost sharing began. Chart 7 above depicts five-year employee retirement contributions, including amounts contributed by both PEPRAs and Classic status pension plan employees.

Section 115 Trust/Accelerated Retirement Funding – The District’s Section 115 Retirement Trust was initially funded with \$5 million from District reserves late in FY17. In conjunction with the establishment of the Retirement Trust, a Board policy was adopted allocating up to 1/3 of annual budget surpluses for further reduction of pension liabilities. A five-member employee Trust Investment Committee was authorized by the Board to oversee the investments of the Retirement Trust, working with the trust administrator and professional investment advisor, PFM Asset Management, LLC, a 5.5% average annualized return benchmark has been established by the Committee for Retirement Trust fund investment purposes.

At June 30, 2022, the Trust account balance stood at about \$7.8 million.

Chart 8 depicts the 115 Trust annual balances at June 30, each year since inception. The District intends to utilize funds accumulated in the Retirement Trust for budget stabilization purposes, drawing from the Retirement Trust to fund pension obligations during years of significant budgetary constraint or fiscal emergency.

Chart 8

The District’s commitment to accelerated pension funding, combined with employee cost sharing, clearly demonstrates our ongoing pledge to proactive pension cost management. Chart 9 below depicts the District’s historical required net pension contributions as a percentage of total salaries benefits costs over the eight-year period since the District started tracking our pension costs in this manner. While the District has been largely successful in mitigating increases in pension costs over these last several years, pension expense, both in absolute dollars and as a percent of total salary and benefit costs are on the rise, primarily due to the unfunded actuarial liability (UAL) payment issues referenced below.

Chart 9

**Exclusive of one-time discretionary pension contributions.*

Projected Increases in CalPERS Costs – Retirement plan costs involve two basic cost components: the normal cost rate, expressed as a percentage of payroll, and the UAL, which is a fixed amount minimum payment due each fiscal year.

CalPERS has implemented an aggressive plan to increase the funded status of retirement plans through a significant ramp-up of fixed amount UAL payments by employers over a multi-year phase-in period. The District receives an annual actuarial plan valuation of its retirement plans from CalPERS each year. The most recent valuation available is for the plan year ended June 30, 2021, which sets retirement contribution rates for FY24.

Table 6 below is derived from the June 30, 2021 CalPERS valuations for the District’s classic member retirement plans and also sets forth the projected future employer contributions for UAL over the next five years beyond FY24. These estimates project fixed amount UAL payments going from \$4.73 million in FY23, to \$5.92 million in FY29, about a 25% increase over the five-year period.

UAL payments for the District are currently projected to peak in about 10 years, after which, based on actuarial assumptions, annual UAL payments will begin decreasing over the following 15 or so years of the amortization period. The higher front-ended UAL payment schedule should contribute to a significantly higher funded plan status over time than would have otherwise been achieved.

		CalPERS Projected Future Employer Contributions (UAL)				
(in millions)	FY24	FY25	FY26	FY27	FY28	FY29
Safety	\$4.50	\$4.86	\$5.31	\$5.43	\$5.56	\$5.56
Miscellaneous	0.23	0.24	0.24	0.26	0.29	0.36
TOTAL	\$4.73	\$5.10	\$5.55	\$5.69	\$5.85	\$5.92

Table 6

Pension cost projections are subject to change depending on a number of factors and assumptions. The District is committed to proactive management of its long-term pension obligations. Only in the last seven or so years has CalPERS modified its policies to allow for additional discretionary pension plan contributions. As set forth in Table 7 below, since FY17, the District has contributed a combined \$8.6 million to the 115 Retirement Trust and/or directly to CalPERS in the form additional discretionary payments. These payments are above and beyond the required minimums, which are reflected in Table 6 above. The District will contribute an additional 1.03 million to the Section 115 Trust in FY23. This is not reflected in Table 7 below.

		Additional Discretionary Funding Contributions Toward Pension Obligations				
(in millions)	FY17	FY18	FY19	FY21	FY22	
Retirement Trust	\$5.0	-	\$0.38	\$0.17	\$0.87	
CalPERS	-	\$0.45	\$0.38	\$0.50	\$0.87	
TOTAL	\$5.0	\$0.45	\$0.76	\$0.67	\$1.74	

Table 7

Although a significant budget surplus is not anticipated in the FY24 budget, the Board has directed staff to report back at mid-year annually regarding opportunities to continue to accelerate pension funding. Should such accelerated discretionary funding be approved by the Board at mid-year in FY24, a budget amendment would be executed at that time.

While the District’s aforementioned pension mitigation strategies will provide a measure of relief to the significant projected retirement cost increases over the next several years, additional deliberate action will need to be undertaken over time to proactively address the rising costs of pensions. It is anticipated that the District will consider the use of one-time monies, as available, as well as other funding opportunities and strategies over time to continue to accelerate extinguishment of pension liabilities.

The trends in funded ratio, or funded status of a pension plan, is generally considered one significant indicator as to the soundness or health of a retirement plan, albeit a point-in-time measurement. CalPERS refers to funded status as an assessment of the need for future employer contributions based on the selected actuarial cost method used to fund the plan. As reflected in Table 8 below, and reported in the most recently available actuarial retirement valuations, as of June 30, 2020 and 2021, the funded ratio of the District’s respective retirement plans was as follows:

CalPERS Pension Plan Funded Ratio As Of		
Retirement Plan	June 30, 2020	June 30, 2021
Safety Classic	74.6	84.5%
Safety PEPRA	91.3%	104.7%
Miscellaneous Classic	76.7%	87.3%
Miscellaneous PEPRA	93.2%	106.8%

Table 8

The *Staffing Overview & Department Reporting* document in this budget provides specifics regarding pension benefit formulas for the various retirement benefit classes of employees.

Discount Rate Changes Impacting FY24 Rates & Beyond – During FY22, CalPERS announced an additional lowering of its discount rate from 7.0% to 6.8%. The discount rate is the assumed annual rate of return on retirement plan investments. Lowering of the discount rate means that CalPERS retirement plans will see increases in benefit costs, translating to higher employer contributions over time.

The benefits of reducing the discount rate include the strengthening of the long-term sustainability of the pension fund. The lower rates will improve the likelihood of CalPERS meeting or exceeding assumed rates of return long-term, as well as reducing investment volatility in the CalPERS investment portfolio, and ultimately translating to a higher funded plan status over time.

In FY19, CalPERS had announced a phased-in lowering of the discount rate from 7.5% to 7.0%. The fiscal impacts of discount rate reductions will be fully phased-in by FY25, and are included in CalPERS rate projections provided in the District’s annual actuarial valuations.

June 30, 2022 Actuarial Valuations – The June 30, 2022 actuarial valuations from CalPERS are due for publication in early FY24. As this additional information becomes available, it will be factored into future retirement cost projections, as well as associated budgets and our long-range financial plan.

See the *Long-Range Financial Planning Overview* for additional information regarding projected long-term pension contribution fiscal impacts to the District.

Succession Planning and Related Issues

Leadership Transitions – Two Administrative Battalion Chief positions were created, funded and staffed through internal promotions within the last few years. These management positions offer valuable high-level experience to potential future senior leaders of this organization. It is anticipated that these positions will be transitioned to shift BC positions when Battalion Two is initiated in conjunction with the opening of Fire Station No. 68, which is projected to be operational in mid-FY25.

Ongoing Firefighter/Paramedic Recruitment – The competition for recruitment of talented and experienced sworn fire personnel in southern California is fierce. As many organizations have experienced in recent years, the District has realized a significant number of retirements, particularly in the firefighter/paramedic ranks. We are continuing to aggressively pursue a variety of ways to creatively attract talented prospective public servants to the District.

FINANCIAL TRENDS

I also wanted to bring to your attention, the *Financial Trends* section of this budget document which immediately follows the Transmittal Letter. The Financial Trends report contains a number of graphic depictions of key historical long-term trends in revenues, expenditures and changes in Fund balance. While we are forward focused with an eye on the future, there is much we can glean from past performance and recent financial trends.

STRATEGIC GOALS

The District's *Vision Statement Based Goals* are included in this budget document along with associated department level goals in the *Staffing Overview & Departmental Reporting* section of the budget. The District will be looking to establish new organizational strategic goals at the end of FY23, and I'd like to take this opportunity to thank our Board of Directors in advance for their willingness to engage in a public goal setting process.

FUND BALANCE

This balanced budget allows the District to maintain a total Fund balance at June 30, 2024 projected at about \$41.7 million, with roughly \$33.8 million unrestricted, with about \$7.8 million held in restricted funds in the Section 115 Retirement Trust, exclusively available for the funding of pension obligations. I am pleased that the District is in a position to make this important and substantial long-term commitment toward the effective management of pension liabilities. The projected balance in unrestricted Fund balance at June 30, 2023 represents approximately 61% of budgeted FY24 expenditures. See the *Changes in Fund Balance* document in this budget for additional details on Fund balance.

BUDGETARY COMPLIANCE WITH FINANCIAL POLICIES

I am pleased to confirm that the FY24 budget complies with all of the District’s relevant financial policies. A summary of the District’s financial policies is included in the *Budgetary Practices & Financial Policies* document of this budget.

CONCLUSION

Budgetary Priorities

The FY24 budget presents a healthy, structurally balanced and financially prudent roadmap for next fiscal year and sets a very positive tone for the future. This budget will enable the District to maintain high quality fire and emergency response services, while continuing to place a top priority on the health and safety of the public and our staff.

Our continued investment in training, the Fire Station No. 68 construction project, ongoing aggressive pension liability management, and continuing to explore the long-term prospects for our District ambulance transport, are top priorities for FY24.

Financial Stewardship

The revenue projections used are achievable and take into consideration a number of variables and uncertainties, while budgetary expenditures have been thoroughly vetted over a budget development cycle spanning some six months. The District is also committed to prudent long-term

financial stewardship through efficient operational and budget management processes, including cutting costs whenever feasible to do so. The Budget Workshop in May, as well as the various other public meetings and working sessions outlined in the *Budget Calendar* have provided ample opportunity for staff, public and Board input regarding the FY24

Budget.

Our *Long-Range Financial Plan* evidences the District’s commitment to the long-term health of our organization and the forward-thinking dedication of our Board of Directors to the taxpayers of our community.

Acknowledgements

Thanks to the cities of Chino and Chino Hills, and the County of San Bernardino for their continuing support of and public safety partnership with the District. A special thank you to the Board of Directors for the direction, support and leadership you've provided to the District.

Thanks as well to the taxpaying public, our residents and area businesses for their cooperation, support and partnership in making the Chino Valley an outstanding community to live, work and play, especially over these many months of the pandemic.

Finally, my appreciation is also extended to all staff for their ongoing dedication and commitment to serving our community. On behalf of our Board of Directors and myself, I thank you for all that you do.

Sincerely,

Dave Williams
Fire Chief

FINANCIAL TRENDS

General Fund Revenues

With the notable exception of FY22, property tax-related revenues, including both direct property tax receipts and property tax equivalencies received under contract have ranged from about 90% to 95% of total General Fund resources over the last ten years, and are projected to be about 95% of total revenues in the FY24 budget. Total revenues have increased, on average, roughly about 5.3% on an annualized basis over the last ten years. Nonrecurring, one-time mutual aid and grant revenues received in FY22, resulted in annual record revenues, distorting the trend in revenue percent of total revenues from property tax sources. This will likely continue distorting the trend for the next few fiscal years. Adjusting for one-time revenues in FY22, property tax revenues would have amounted to about 92% of total revenues.

Major General Fund Revenues – Property Taxes

FY15 ACTUALS - \$30.9 million

FY24 BUDGET - \$52.7 million

- Secured
- Current services
- All Other

Total annual property tax-related revenues have increased about \$21.8 million over the last ten years, an average annual increase of roughly 5.9%. The largest component of property tax-related revenues is secured property taxes, making up approximately 68% of property tax-related revenues in the FY24 budget, compared to 70% ten years ago.

Current services is the next largest segment of this major revenue source, accounting for nearly one-quarter of total related revenues. As further described in the *Transmittal Letter*, current service represents property tax equivalency payments received from the City of Chino.

Other General Fund Revenues

Total Other Revenues (in millions)

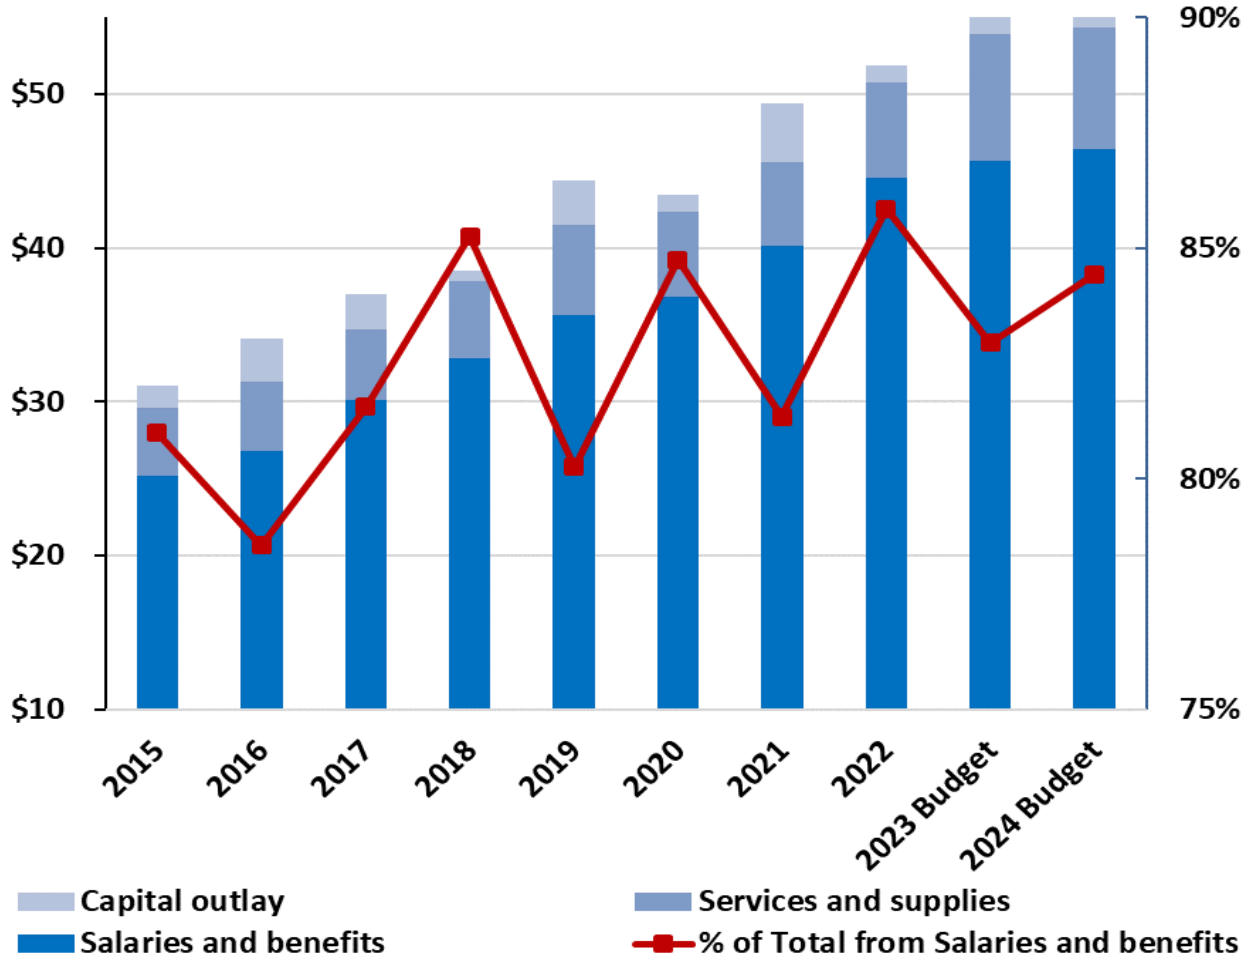

Other General Fund revenues have comprised roughly 8% of the District’s total annual revenues on average over the last ten years. Over time, the District has successfully pursued strategies to increase other revenues.

User fees are typically the largest single component of other revenues. In FY18, the District implemented a new user fee schedule for cost recovery, combined with a significant increase in fee-related development activities in the District. This has resulted in a significant increase in other revenues over the last three years. Additionally, in FY22 the District realized about \$3.3 million in one-time grant revenues and mutual aid recoveries of nearly \$5.1 million in addition to recognizing \$4 million from the City of Chino Hills for the City’s contribution to the Station 68 Project, which is well beyond average. This level of other revenue activity is not anticipated to be recurring in FY24.

In FY24, other revenues are anticipated to be about 4.9% of total General Fund revenues.

General Fund Expenditures

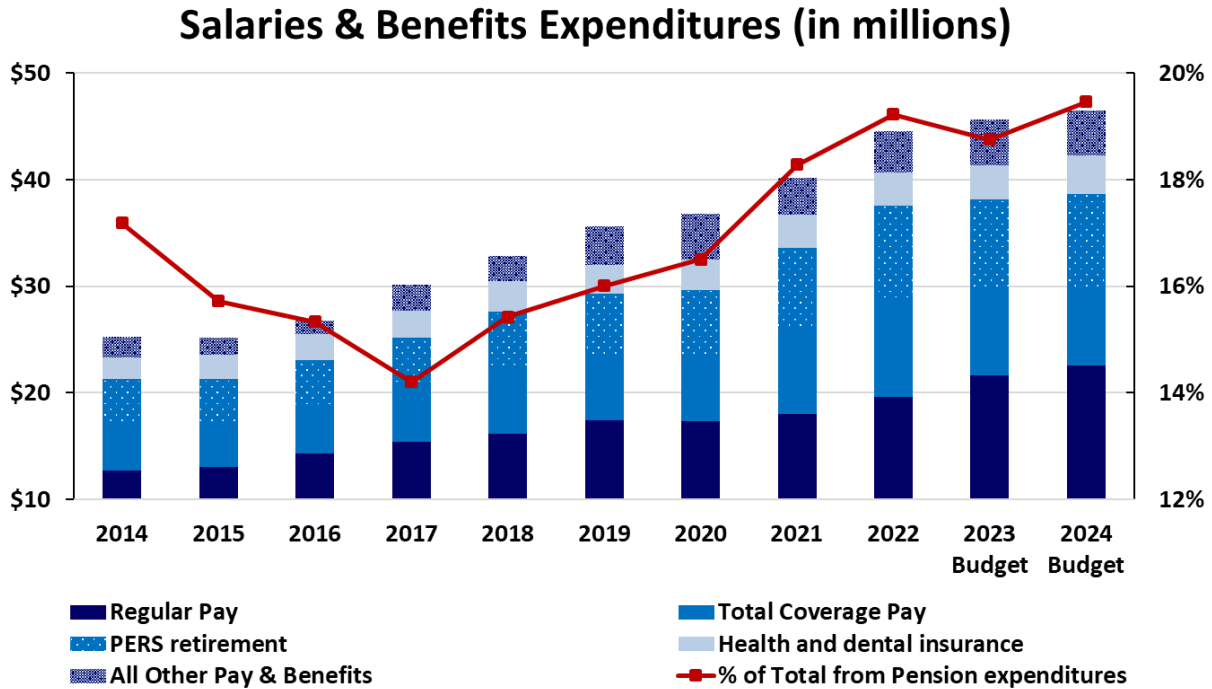

Total Expenditures (in millions)

As a service organization, salaries and benefits comprise the vast majority of District expenditures, typically averaging between about 80% and 86% of total annual expenditures. Total expenditures have grown from about \$31 million in FY15 to a projected almost \$55 million in the FY24 budget, Total expenditures have increased, on average, roughly 6.5% annually over the last ten years. Salaries and benefits are budgeted at about 84% of total expenditures in the FY24 budget.

Total expenditures are projected to remain flat from FY23, due primarily to the assumption of a decrease in salary and benefits overtime costs in FY24, based on a significant reduction in mutual aid activities, which typically are covered on an overtime basis.

General Fund Expenditures – Salaries & Benefits

Salary and benefits expenditures have steadily risen over the last ten years, in particular since about FY17, primarily as a result of rising pension costs combined with staffing increases due to growth in the District. The District entered in an IRS Section 115 Retirement Trust in FY17 in an effort to more aggressively manage increasing pension costs over time. The District also adopted a surplus policy which calls for one-third of any annual fiscal surpluses to be earmarked toward pension liabilities.

In addition to an initial \$5 million contribution to the 115 Retirement Trust in late FY17, the District has contributed an additional \$4.6 million in discretionary funding between FY18 and FY23 toward its pension liabilities. See Retirement Costs below for additional specifics.

General Fund Expenditures – Retirement Costs

The District’s CalPERS retirement system required contributions consist of normal cost pension contributions, which represent the current service cost of actuarially projected retirement benefits for active employees and UAL, or unfunded actuarial liability payments representing prior service cost estimates for both active and retired employees. Discretionary funding contribution are payments made into the retirement system above and beyond required minimum contributions.

The District contributed in excess of \$1.04 million in FY23 in discretionary pension funding, in one direct contribution into the District’s 115 Retirement Trust. Although no discretionary payments have been budgeted for FY24, the District’s Board of Directors has directed staff to annually review options for recommending mid-year discretionary pension contributions.

Staffing

Total Full-Time Equivalent Staffing

The District implemented a new emergency services delivery model in FY16, resulting in the addition of three full-time firefighter/paramedics. Continued growth over the five-year period prior to FY20 resulted in the addition of a number of management and other support positions, including in information technology, EMS nursing, battalion chiefs (administration) and office technician (finance). In FY23, nine additional full-time positions were hired, 6 firefighters and 2 mechanics and the Assistant to the Fire Chief position. Total full-time equivalent staffing is budgeted at approximately 155 for FY24 with no new additions budgeted for FY24.

See the *Organizational Chart* and *Personnel Listing* for additional specifics.

General Fund Expenditures – Non-Payroll

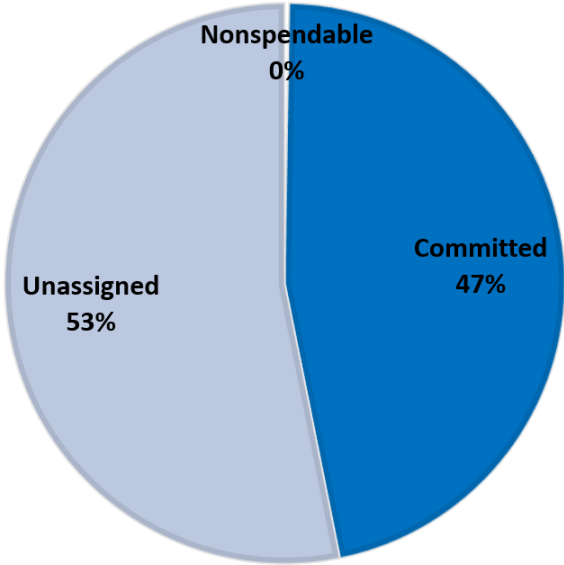

Non-payroll expenditures include Services and supplies as well as Capital outlay. Over the last ten years, non-payroll expenditures have typically averaged between about 15% and 20% of total expenditures. Capital acquisitions can vary significantly from year-to-year. In FY14, for example, the District was recovering from economic downturn and minimized capital outlay, deferring a number of capital purchases and projects in the process. In FY15, FY16 and FY17, capital outlay expenditures included certain items previously deferred from the prior three-year cycle.

In the FY24 budget, total non-payroll expenditures are anticipated to amount to nearly \$8.6 million or about 16% of total budgeted expenditures, compared to about \$9.4 million, or 17% of total budgeted expenditures in FY23. The FY24 budget includes approximately \$7.9 million and \$677 thousand in services and supplies, and capital outlay, respectively, while the FY23 budget included some \$8.2 million in services and supplies, and \$1.1 million in capital outlay. The reduction in services in supplies is based off of current trends in expenses while continuing to monitor rampant inflation across all sectors.

General Fund Balance

JUNE 30, 2015 - \$23.0 MILLION

JUNE 30, 2024 - \$41.7 MILLION

Although the classification mix of fund types has shifted over the last ten years, the District’s General Fund balances in aggregate have grown over the last decade. General Fund at June 30, 2015 amounted to \$23 million, while projected Fund balance at June 30, 2024 is \$41.7 million. During FY17, the District invested \$5 million from General Fund balance in a restricted 115 Retirement Trust for pension obligations, which had since grown to in excess of \$7.8 million at June 30, 2022. In FY22, the District received \$4 million from the City of Chino Hills to be used for the construction of Fire Station 68. This is currently held in the Assigned portion of fund balance. This as well as the Section 115 trust has been the primary contributing factor in the ten-year change in General Fund balance classification mix as depicted above.

Fund balance classifications are described in detail in the Fund balance reporting section of the *Budgetary Practices and Financial Policies* document of this budget.

General Fund Balance (continued)

The Fund balance classifications above depict the mix at June 30 of each of the last ten fiscal years. Based on the projected total Fund balance at June 30, 2024, Fund balance has grown approximately 81% over the last ten years however, the \$4 million received from the City of Chino Hills will be expended when the new fire station is constructed which will bring fund balances back to average levels.

General Fund Balance (continued)

District policy specifies the maintenance of a general contingency reserve in Unassigned Fund balance equal to three (3) months, or 25%, of the District’s approved expenditure budget. In the

event that Unassigned Fund balance is not sufficient to meet the three-month minimum, the policy specifies that the remaining balance of funds not otherwise classified shall be maintained in this account.

While General Fund balances are stable, as a result of continued budgetary growth, combined with changes in Fund balance classifications over time, the unassigned portion of Fund balance has decreased over the last decade in proportion to total annual expenditures. At June 30, 2015, Unassigned Fund balance amounted to nearly \$12.2 million, or about 41% of expenditures, in comparison to budgetary projections at June 30, 2024 of Unassigned Fund balance amounting to approximately \$10.7 million, or about 19% of total FY24 budgeted expenditures. The District also maintains a committed Emergency Contingency Fund balance equal to two (2) months of operating expenditures.

GFOA Budget Award

Government Finance Officers Association of the United States and Canada (GFOA) presented a *Distinguished Budget Presentation Award* to the District for its Annual Budget for the fiscal year beginning July 1, 2022. In order to receive this award, a governmental unit must publish a budget document that meets program criteria as a policy document, as a financial plan, as an operations guide, and as a communications device.

This award is valid for a period of one year only. We believe our current budget continues to conform to program requirements, and we are submitting it to GFOA to determine its eligibility for another award.

GFOA ACFR Award

Government Finance Officers Association of the United States and Canada (GFOA) awarded a *Certificate of Achievement for Excellence in Financial Reporting* to the Chino Valley Fire District for its comprehensive annual financial report for the fiscal year ended June 30, 2021. This was the first year that the government has achieved this prestigious award. In order to be awarded a Certificate of Achievement, a government must publish an easily readable and efficiently organized comprehensive annual financial report. This report must satisfy both generally accepted accounting principles and applicable legal requirements.

A Certificate of Achievement is valid for a period of one year only. We believe that our current comprehensive annual financial report continues to meet the Certificate of Achievement Program's requirements and we are submitting it to GFOA to determine its eligibility for another certificate.

ORGANIZATIONAL & INTRODUCTORY INFORMATION

CHINO VALLEY FIRE DISTRICT

DISTRICT OVERVIEW

Although fire protection services in the Chino Valley have existed in various forms since the late 1800's, the Chino Valley Fire District was formed as a California special district in 1990 through a voter approved initiative, Proposition W, coinciding with the incorporation of the City of Chino Hills. Having recently celebrated its 30-year anniversary, the District provides fire protection and fire prevention services within the Chino Valley, and is governed by a five-member elected Board of Directors.

Located in the southwest region of San Bernardino County, the jurisdiction of the District is approximately 80 square miles in size and has an estimated current population of 169,962. It is estimated that the District population will be over 200,000 within the next 20 years. The Cities of Chino, Chino Hills, and surrounding unincorporated areas are served by the Fire District. District personnel responded to 13,811 emergency calls in 2022.

The District is bordered by Los Angeles County to the northwest; Orange County to the southwest; Riverside County to the southeast; the City of Ontario to the northeast and the City of Montclair to the north.

The Chino Valley community has a wide variety of development, which creates multiple fire problems. Approximately 48,000 residential units, from large single-family dwellings to apartment units, constitute the largest number of structure fires expected. This is due to the large number of residential units and the lack of ability to regulate fire safety practices in these occupancies. The major portion of emergency medical responses is anticipated to be at residential units.

Approximately 17,000 additional residential occupancies are planned for, or are being constructed, through the build-out of the community.

Target hazards within the District have been identified. The sites identified as such are considered to pose an extraordinary risk to lives and/or property. Examples of target hazards within the District are a senior residential site which consists of three-story non-sprinklered buildings; a four-story office building; an outdoor mall; several trucking routes; a public utility center and an airport. Several facilities, which, based on their operations, are deemed to be target hazards. Fire suppression, emergency medical, rescue and/or hazardous materials response are all services expected to be utilized at one of these locations during an emergency situation.

Over 3,400 commercial and industrial occupancies pose another type of fire problem. Current municipal planning projects the number of these occupancies to significantly increase at community build-out. In addition to the potential for large fires in these occupancies, the District expects spills and airborne releases of hazardous materials. Emergency responses for medical emergencies and rescue situations are also anticipated.

Multi-story occupancies are currently limited to mid-rise structures, three-story senior housing and a four-story office building. Additional mid-rise buildings are included in community development plans. Multi-story occupancies require an extraordinarily large number of fire ground personnel to control a fire. Mutual aid from neighboring jurisdictions is necessary to control these types of fires. Due to the large number of persons occupying these types of structures, emergency medical responses are expected to be high.

There are thirty-four existing public schools in the District, which includes twenty-two elementary, five junior high, six high schools, and one adult school. There are currently forty-four private and pre-schools in the Fire District. These schools are expected to have fire emergencies, as well as a high incidence of emergency medical and rescue service.

A general aviation airport owned by the County of San Bernardino lies within the District. This airport had 203,645 aircraft operations for the twelve-month period ended December 31, 2022. Although the County is responsible for crash-fire-rescue services at the airport, they have no resources assigned there. The District provides structural fire protection and emergency medical services at the airport. Consistent with the level of training and available resources, and in the absence of County fire resources, the District also provides initial response to aircraft incidents.

In addition to airport fire and emergency medical needs, hazardous materials incidents are expected to occur at the airport hangar facilities.

The wildland urban interface of Chino Hills presents a significant threat for wildfire. Over 14,000 acres of grass, brush and oak trees pose a seasonal fire threat to the residential interface. Over 300 residences are inspected annually, as part of the District’s Brush Inspection program, focusing on the removal of flammable vegetation. Agricultural fires in both the cities of Chino Hills and Chino pose a potential threat. Emergency medical and rescue services, as well as extensive automatic and mutual aid

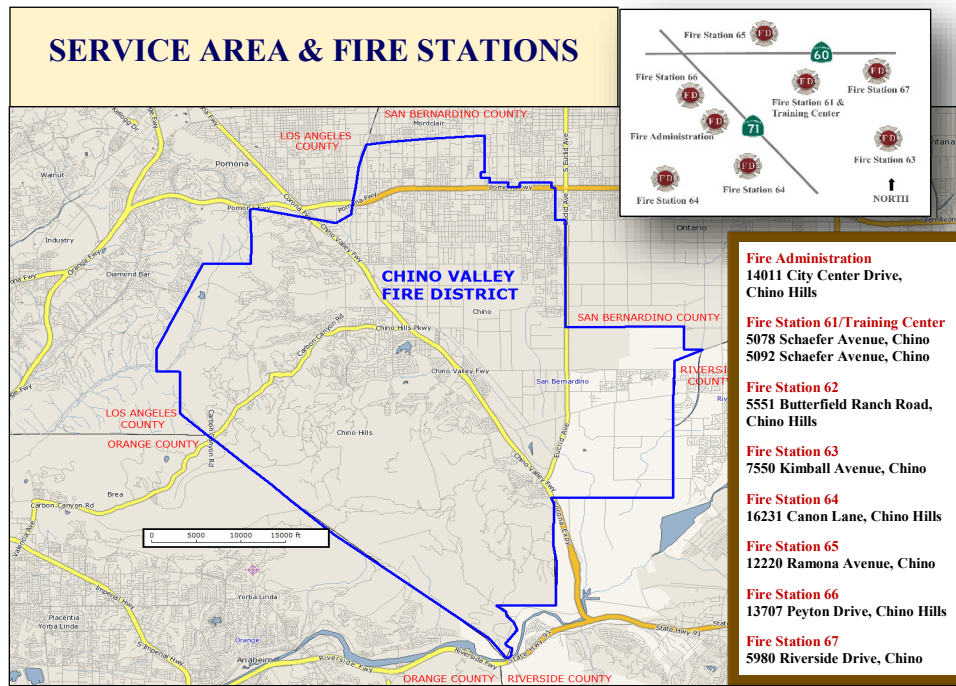

support, respond to incidents occurring in these rural areas, when needed.

In June 1990, 18 homes and one business were destroyed by a 6,600-acre wildfire that resulted in more than \$4.8 million dollars in damage. In November 2008, the “Freeway Complex Fire” destroyed 187 structures while burning 30,305 acres (13,304 acres in Chino Hills and the State Park) causing approximately \$16.1 million in damage. Although only one out-building was lost within the District, the potential existed for a devastating event. In October 2020, the “Blue Ridge Fire” burned 13,964 acres in District and in Orange County, destroying one structure and damaging nine others in Orange County. The total incident cost was approximately \$13 million.

There are a variety of transportation routes throughout the District, such as railroad routes, two freeways, two highways, congested city streets and rural roads, which provide a diverse and often over-burdened transportation system. These transportation routes are frequently subject to a variety of potentially complex emergency incidents including vehicle accidents, fires, and hazardous materials related incidents,

all which require emergency fire, medical and rescue services. Two large flood control channels, subsidiary channels and creeks, and the Prado Reservoir present the potential for water rescue incidents. Disasters experienced by Southern California may include earthquakes, flooding, landslides, fire conflagrations, commercial aviation accidents, terrorism and civil unrest.

The District operates seven fire stations and employs approximately 155 full-time equivalent employees, including 116 sworn safety personnel. In addition to providing fire and emergency medical services within its jurisdiction, the District also provides fire and life safety

inspections, community education and community preparedness within the community.

CHINO VALLEY FIRE DISTRICT

Staffing Overview & Departmental Reporting

STAFFING OVERVIEW

As a public safety agency, the vast majority of the District’s employees, about 76% of positions authorized in the FY24 budget, are sworn personnel. This includes the fire chief, deputy and battalion chiefs, captains, engineers and firefighter/paramedics. The District hires only licensed paramedics for its emergency services ranks. With the exception of the certain chief officers and training captains, sworn personnel work 24-hour shifts and the District generally maintains minimum constant staffing of 36 emergency personnel on duty at all times.

The District is organized into three divisions: Administration, Community Risk Reduction and Emergency Services. Departments within each division are outlined below.

District staffing also includes typical civilian local government administrative support departments such as finance, human resources, clerk’s office and general administration, as well as fire inspectors and related support staff for fire prevention and inspection-type activities in our community risk reduction area. A total of 154.6 full-time equivalent (FTE) positions are authorized in the FY24 budget

CHINO VALLEY FIRE DISTRICT

STAFFING OVERVIEW & DEPARTMENTAL REPORTING

Pay and benefits for the majority of District personnel are provisioned under one of two Memorandums of Understanding (MOU). The Chino Valley Professional Firefighters (CVPF) represent all sworn safety personnel below the rank of Battalion Chief. Teamsters represents non-safety personnel, exclusive of management, confidential and part-time staff members. Salary and benefit provisions for unrepresented staff are specified by board resolution, and terms of employment for the fire chief are specific by contract.

A summary of the highlights of the District’s current labor commitments is as follows:

LABOR COMMITMENTS

[^]Excludes unrepresented part-time personnel and the fire chief, who serves under an employment contract.

¹Personnel hired on or after January 1, 2013 who are defined as “new members” under the Public Employees Pension Reform Act of 2013 (PEPRA), have a reduced retirement benefit formula.

²Negotiations for successor MOUs are ongoing, and changes for unrepresented personnel are subject to future board action.

DEPARTMENTAL REPORTING

The District's operating divisions and related departments are further described below, including departmental summaries of staffing, operating budgets, goals and performance measure reporting.

ADMINISTRATION

The Administration division provides general management, support and overhead functions typical of local government. Departments within Administration include:

1. General Administration
2. Finance
3. Human Resources

STAFFING OVERVIEW & DEPARTMENTAL REPORTING

Division: 20 Community Risk Reduction
Department: 21 COMPLIANCE & DEVELOPMENT

Community Compliance and Development is organized as a single department while providing a variety of services. Community Compliance oversees the District’s vegetation management program, consisting of bi-annual inspections conducted by fire inspectors to ensure proper clearance of vegetation and other combustible materials. Fire inspectors are also responsible to conduct mandatory occupancy inspections along with targeted inspections to ensure fire code compliance. This includes coordination of engine company inspections. Community Compliance also oversees the District’s fire investigation program. Fire investigators are highly trained specialists who use a systematic approach and knowledge of basic fire science to conduct fire investigations. Investigators are also trained to gather evidence for prosecution in the event of arson-related fires.

Community Development ensures all new construction in the Chino Valley is code compliant by working with developers prior to building design to ensure code requirements are understood and met. District personnel review plans prior to construction and issue permits for various construction related projects. Once plans are approved and permits have been issued, inspections are conducted to ensure compliance with approved plans, codes, and/or standards.

District Facilities

The District currently operates seven fire stations and various other special purpose facilities. The District’s long-term master plan projects the operational need for two to three additional fire stations at community build-out over the next two to three decades. Historically, the cities of Chino and Chino Hills have been financially responsible for the building of District fire stations within each respective city’s boundaries. The fire stations and the Training Center located in Chino are leased by the District from the City of Chino. All other facilities are District owned.

The District and the City of Chino Hills have entered into an agreement for property transfer and funding for construction of Fire Station No. 68 in Chino Hills. Construction will likely commence in late 2023 or early 2024, with completion and occupancy likely in early 2025.

CHINO VALLEY FIRE DISTRICT

Budgetary Practices & Financial Policies

BASIS OF BUDGETING & ACCOUNTING

The District's financial records are maintained in accordance with accounting principles generally accepted in the United States of America (GAAP), as applicable to governments. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for governmental accounting and financial reporting principles.

The District's Annual Comprehensive Financial Report (ACFR) contains both government-wide financial statements prepared on the accrual basis of accounting, as well as governmental fund financial statements prepared on modified accrual basis. As a single purpose fire authority, the District maintains one governmental fund: the General fund. The District reports all of its unrestricted financial and budgetary activities within the General fund.

Budgeted and actual revenues and expenditures are accounted for on a modified accrual basis. Revenues are recognized in the accounting period in which they become susceptible to accrual; that is, when they become measurable and available to finance expenditures of the current period. "Measurable" means that the amount of the transaction can be determined, and "available" means collectible within the current period or soon thereafter to be used to pay liabilities of the current period. Accrued revenues include property taxes received within 60 days after fiscal year-end and earnings on investments paid after year-end. Expenditures are recorded when the liability is incurred, if measurable, except for unmatured interest on long-term debt, if applicable, which is recognized when due.

BUDGET CONTROL AND AMENDMENT

The Fire Chief is ultimately responsible for ensuring expenditures are within budget allocations and may adopt budget policies necessary to carry out that responsibility within his authority. Except in prescribed emergencies, no expenditure of funds shall be authorized unless sufficient funds have been appropriated by the Board of Directors as set forth in this budget.

The Board approves total budgeted appropriations and any necessary budget amendments throughout the year by resolution. The approved budget provides for the general operation of the District and includes the proposed expenditures of the District and the means of financing them. Formal budgetary integration at the fund level is employed as a management control device to monitor budget-to-actual performance throughout the fiscal year. Publicly available monthly budget-to-actual financial reports are prepared and are presented at regular monthly meetings of the District's Board of Directors.

Budgets are adopted on a basis consistent with GAAP.

CHINO VALLEY FIRE DISTRICT

BUDGETARY PRACTICES & FINANCIAL POLICIES

BALANCED BUDGET

The District shall maintain a structurally balanced budget whereby recurring revenues are equal to or greater than recurring expenditures in the adopted budget. District policy allows for the use of reserves to balance the budget when a temporary shortfall (deficit) occurs. When using reserves, the District does so only to meet non-recurring obligations that are non-operating in nature.

OVERVIEW OF BUDGET DEVELOPMENT PROCESS

The Original Budget is formally approved after the holding of a public hearing and incorporates the preliminary and final budget cycles into a single consolidated budget cycle with adoption in the June timeframe. As further outlined below, the process of Original Budget development spans some six months, and includes multiple levels of reviews, meetings, workshops, discussions and analysis.

The fiscal year budget development process officially kicks off in mid-December. A summary of the milestones in the process is provided below (all timeframes are approximate):

2023-24 BUDGET DEVELOPMENT CYCLE

See the *Budget Calendar* for additional specifics.

USE OF ESTIMATES

The District prepares its budgets based on estimates, forecasts and projections. In certain cases, estimates and assumptions are also used to report actual financial results and disclosures. Accordingly, actual results could differ from these estimates. Because of the inexact nature of budget projections, the District budgets revenues realistically yet conservatively, in an effort to ensure an achievable balanced budget. The multiple budgetary review and approval cycles identified above provide ample opportunity to amend the budget, if and

when appropriate.

ALLOCATION OF COSTS

The cost of operating expenditures, including employee wages and benefits, are generally recorded to each benefitting division and department based on actual expenditures as tracked by the District’s ERP computer system. When applicable, certain administrative and other operating costs benefitting multiple divisions and departments are allocated proportionately on the basis of budgeted direct costs, as appropriate, including:

- Post-retirement benefit costs allocated on the basis of direct budgeted base salaries;
- Unfunded Actuarial Liability pension costs allocated on the

basis of budgeted retirement system normal cost retirement expense.

The District has adopted an indirect cost (overhead) allocation plan established in compliance with Title 2, Code of Federal Regulations, Part 200. The cost plan is applied to overhead rates for applicable grant management purposes as well as for certain reimbursable federal and state billings for mutual aid fire services provided by the District. The cost plan is updated annually.

CAPITAL ASSETS & CAPITAL REPLACEMENT PLAN

Capital assets are defined in District policy as all land, buildings, vehicles, computers, equipment and improvements with an individual cost of at least \$5,000 and a useful life beyond one year. The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend asset lives are not capitalized. Depreciation is calculated on a straight-line basis over the estimated useful life of the respective asset in periods ranging from five to 30 years depending on the asset classification.

CHINO VALLEY FIRE DISTRICT

BUDGETARY PRACTICES & FINANCIAL POLICIES

For budgetary purposes, the purchase of a capital asset may also be referred to as capital outlay. The District maintains a capital replacement plan providing for planned capital outlay over thirty years. Capital equipment replacement is funded through a commitment of Fund balance as further described in the fund balance reporting section of this policy. It is anticipated that equipment replacement funds will generally be sufficient to provide for funding of future capital outlay. See *Long-Range Financial Plan*, for additional information regarding the Equipment Replacement fund portion of Fund balance.

The vast majority of the District's recurring capital commitments are equipment and vehicle related, typically funded through committed Fund balance, as described above. For those relatively infrequent capital projects, if significant in nature, the District undertakes multi-year advanced planning efforts to

identify and secure outside project funding sources, including when applicable through our jurisdictional city partners, as well as granting sources when possible.

RETIREMENT FUNDING POLICY

The District established an irrevocable single employer Internal Revenue Service Code Section 115 Retirement Trust (Retirement Trust) through PFM Asset Management, LLC (PFM) in FY17, initially contributing \$5 million to the Retirement Trust from District reserves. In conjunction with the adoption of the Retirement Trust, the District's Board of Directors also adopted a policy to commit up to one-third (1/3) of excess revenues on an annual basis to reduce District pension liabilities going forward.

Excess revenues earmarked at the end of each fiscal year for accelerated pension funding will be contributed to either the Retirement Trust, directly to the California Public Employees Retirement System (CalPERS) on behalf of the District's employees, or in combination to these two funding vehicles, as determined annually by the Board. Contributions will be made in the following fiscal year after completion of the District's annual audit.

CHINO VALLEY FIRE DISTRICT

BUDGETARY PRACTICES & FINANCIAL POLICIES

As an irrevocable trust, funds accumulated in the Retirement Trust are legally restricted for exclusive use to pay for qualified pension-related expenditures. The District generally intends to utilize the Retirement Trust funds for budget stabilization purposes, drawing from the Retirement Trust to fund pension obligations during years of significant budgetary constraint or fiscal

emergency, or as otherwise determined by the Board. To date, the District has not drawn on the Retirement Trust.

Over time, the District anticipates continuing to fund and grow the balance in the Retirement Trust, while identifying strategic opportunities to use accumulated funds and one-time revenues to reduce pension liabilities through additional discretionary payments directly to CalPERS.

LONG-RANGE FINANCIAL PLANNING

It is the policy of the District to prepare and update a 10-year long-range financial plan (LRFP) in conjunction with its annual budget development process. The LRFP forecasts revenues and expenditures over the 10-year horizon based on a combination of historical averages, current budget and known and anticipated future budgetary impacts. These projections shall be used for financial, operating and strategic planning purposes. Among other factors, unfunded pension and OPEB liabilities shall be considered in the LRFP. See *Long-Range Financial Planning Overview* for additional information.

DEBT OBLIGATIONS

The District does not currently have any debt on the books, nor does it contemplate any borrowings or debt issuance in the near future. As the District's partner cities are generally financially responsible for building fire stations and providing initial station apparatus, the District's financial commitments are generally operational in nature. Accordingly, there is no provision for debt obligation included in the FY24 budget.

FUND BALANCE REPORTING

The Fire District's Fund Balance Reporting Policy was developed in conjunction with the Government Accounting Standards Board (GASB) Statement No. 54. The District has adopted a

CHINO VALLEY FIRE DISTRICT

BUDGETARY PRACTICES & FINANCIAL POLICIES

Board resolution that sets forth certain classifications of fund balance, as well as a minimum fund balance policy. Classifications of fund balance maintained by the District as per policy are set forth as follows:

NONSPENDABLE – Not available for other purposes because these funds are inherently nonspendable, i.e. not in spendable form. Examples include prepaids and deposits on file with other agencies.

RESTRICTED – Externally enforceable limitations on use, imposed by law or constraints by creditors, grantors or contributors. Examples might include funds held in an irrevocable trust for specific purposes, grant funds received for the express purpose of purchasing specific supplies or equipment, or debt covenants imposed by creditors. The District's 115 Retirement Trust balances are restricted funds which must be used to pay retirement obligations.

COMMITTED – Pursuant to constraints imposed by Board resolution, committed amounts cannot be use for any purpose other than specified in the resolution, unless the Board removes or changes the specific use through resolution or ordinance. Commitments of fund balance have been set forth by Board resolution as follows:

1. **Worker's Compensation Reserve Fund** – Established at a level equal to the total estimated value of all open claims and an estimated value of incurred but not reported claims at the end of each fiscal year. Funds from this account will be drawn-down to pay significant expenses against a particular workers' compensation claim file such as a single invoice in excess of \$50,000 and/or a lump sum payment when a claim is closed by way of Compromise and Release.
2. **Equipment Replacement Fund** – Provides for vehicle, apparatus and major equipment replacement. Funded through the accumulation of depreciation and amortization of capital assets in the fund. Monies shall be withdrawn for the purchase of equipment replacement items.
3. **Facilities Acquisition and Maintenance Fund** – Derived from proceeds from the sale of District property, with annual fund adjustments of a 3% inflation factor. Designated for future facility acquisition, maintenance and repair.
4. **Compensated Absences Fund** – Established at a level equal to 33% of employee accrued leave balances. Funds from this account will be drawn-down to pay-off accrued leave balance(s) due to an employee upon separation when the value of the leave accruals for a specific employee is \$50,000 or above.
5. **Emergency Contingency Fund** – Established at a level equal to two (2) months of the District's approved expenditure budget. Funds may be utilized for emergency operating purposes in the event of the declaration of a local, state or federal state of emergency.

BUDGETARY PRACTICES & FINANCIAL POLICIES

ASSIGNED – Amounts that are constrained by the District’s intent to be used for specific purposes, but are neither restricted nor committed. Examples of assigned fund balance include:

1. **Continuing Budget Appropriations** – Balance of multi-year funding requirements for approved projects or other expenditures.
2. **Budget Transfers for Revenue Shortfalls** – Amount to be transferred from fund balance to cover a projected budget deficit, if applicable, in the following fiscal year.
3. **Funds Earmarked for Reduction of Pension Liabilities** – As per policy, up to one-third (1/3) of excess revenues on an annual basis shall be earmarked for further reduction of pension liabilities. If applicable, this amount shall be established at fiscal year-end for funding in the following fiscal year.

UNASSIGNED – Excess amounts not otherwise classified, to include:

1. **Minimum Fund Balance** – As per policy, the District maintains a general contingency reserve fund equal to three (3) months of the District’s approved expenditure budget. In the event that Unassigned fund balance is not sufficient to meet the three-month minimum, the remaining balance of funds not otherwise classified shall be maintained in this account.
2. **All Other** – All other funds not otherwise classified.

Budget Report Descriptions

The descriptions below are intended to provide the reader of this budget document with a brief explanation regarding the nature of each report and the information intended to be conveyed to the reader. The reports are listed in the order in which they appear in this budget document.

1. **Budget Summary** – Summarizes budgetary totals at the highest level. Includes both operating and capital replacement activities.
2. **Budget Summary – Multi-Year Comparison** – Summary budget totals for proposed budget in comparison to the four preceding years.
3. **Changes in Fund Balance** – Two-year presentation of changes in components (classifications) of the District's fund balance. Fund balance represents the difference between the District's General fund assets and liabilities.
4. **Revenue History** – District-wide revenues by account, in a five-year reporting format. For reporting purposes, the District classifies revenues into three major categories: property tax revenue, contract revenue, and all other revenue.
5. **Expenditure History** – District-wide expenditures by account, in a five-year reporting format. The District classifies expenditures into three major categories: salaries and benefits, services and supplies, and capital outlay.
6. **Divisional Expenditure History** – Expenditures by division, by account, in a five-year reporting format. The District maintains three divisions: administration, community risk reduction and emergency services. This report follows the same format as the Expenditure History report, but provides information on a divisional basis. This report is a more detailed version of the Expenditure History report.
7. **Year-Over-Year Budget Comparisons** – Comparison of prior year amended summary budget to current year budget, including variance amounts and percentage changes between years.
8. **Budgeted Expenditures Variances Report** – Comments on significant variances between prior year amended budget and current year budget, by line item.
9. **General Fund Expenditure Transactions** – Provides transactional budget line item detail for accounts by division and department.

10. **Long-Range Financial Plan** – A 10-year fiscal outlook, or financial projection, for the District. Projects revenues and expenditures over a 10-year period based on the current budget and assumptions consistent with the District’s Master Plan, District goals, capital outlay plans, and other planning documents, as well as known and anticipated changes with potential fiscal impact to the District. This reference document is highly dynamic in nature. Although the Plan is likely to be less accurate for each successive year within the 10-year projection period, the document provides a roadmap for discussion and planning purposes for the District.
11. **Statistical Information** – Includes a number of ten-year trend comparisons associated with financial data, revenue capacity, demographic and economic information, as well as operating information.
12. **Glossary of Acronyms** – Definition of the various acronyms (abbreviated terms) listed in budgetary documents.
13. **Glossary of Terms** – Definition of the various terms listed in budgetary documents.

CHINO VALLEY FIRE DISTRICT

Long-Range Financial Planning Overview

The District's 10-year LRFPP has been updated to incorporate the long-term financial implications of the FY24 budget, as well as known and projected significant revenues and expenditures over the next decade, including capital replacement, the projected impacts of budgetary and financial policies, cash management and investment policies, as well as the projections for pension obligations and unfunded actuarial liabilities.

The LRFPP revenue projections are generally conservative in nature, and expenditures are realistically forecast, based on historical trends, known and anticipated future changes, including the forecast fiscal impacts of strategic plans. The LRFPP assumes Fire Station No. 68 opening in mid-FY25 and Station No. 69 being operational in FY30.

Property tax-related revenue assumptions are a critical aspect of the LRFPP, since this revenue stream historically represent in excess of 90% over District revenues. The District works closely with its contracted property tax consultant to perform property tax allocation audits, trends analysis and tax increment verification. Property tax analysis includes:

- Historical review and trend analysis;
- Projected fiscal impacts of ongoing and planned local real estate development;
- Assessments of general economic conditions on the local and regional economies and its related impact on tax assessed property values;
- Monitoring of business activities of principal property taxpayers within the District's jurisdiction;
- Ongoing analysis of local property resales;
- Monitoring of the fiscal impact of county assessor temporary reassessments of property values during period of declining real estate values.

As salaries and benefits generally represent in excess of 80% of the District's annual expenditures, labor-related costs represent the most significant expenditure projection in the District's LRFPP. Trend analysis, impacts of known

LONG-RANGE FINANCIAL PLANNING OVERVIEW

future labor agreement commitments and detailed multi-year projections of District pension costs and unfunded actuarial liabilities, factor prominently into the forecast of salaries and benefits. In addition, capital outlay is based on anticipated replacement of major capital purchases in accordance with the District’s capital replacement schedule.

Annual operating revenues are generally projected to be sufficient to cover operating expenditures except in the initial two to three years after the opening of a new fire station. The burden of projected initial start-up and operating costs associated with the openings of two new fire stations within the next 10 years indicates the potential for short-term operating deficits, likely necessitating the short-term use of Unrestricted Fund balance to temporarily balance the budget. Unrestricted Fund balance is projected to be approximately \$22.5 million at the end of FY32, the end of the 10-year period.

The use of 115 Retirement Trust funds to fund a portion of annual pension expense may help to partially offset rising pension costs. In certain years it may be necessary to utilize Trust funds to partially offset pension-related operating deficits, and may prove particularly beneficial during the initial years after new fire station openings. Additional strategies should be employed over time to address the potential for deficits associated primarily with additional staffing for new fire stations, as well as due to rising pension costs which are likely to be sustained for roughly the next 10 to 15 years.

At the direction of the Board of Directors, management anticipates continuing efforts to further address long-term pension liabilities through the use of one-time and annual surplus monies, when available, toward advanced funding of pension obligations. With regard to projected pension costs, CalPERS provides five-year projections of normal cost rates and a 25-year amortization schedule of fixed payment annual UAL obligation payments, based on liabilities as of the most recent actuarial valuation date. The associated projected fiscal impacts of CalPERS projections have been included in the LRF as applicable to the 10-year period.

Key revenue and expenditure assumptions in the LRF are as follows:

² In 1978 the voters of the State of California passed Proposition 13, which limited taxes to a total maximum of 1%, based upon the assessed value of property being taxed. Each year, the assessed value of property may be increased by an "inflation factor," limited to 2%. With few exceptions, property is only reassessed as a result of new construction activity or at the time it is sold to a new owner. At that point, the property is reassessed based upon the added value of the construction or at the purchase price (market value) or economic value of the property sold. ¹ In 1978, California voters passed Proposition 13 which set the property tax rate at a 1.00% fixed amount. This 1.00% is shared by all taxing agencies for which the subject property resides within.

² In addition to the 1.00% fixed amount, property owners are charged taxes as a percentage of assessed property values for the payment of any voter approved bonds.

³ The District's share of the 1% levy is based on the District's share of the general fund tax rate area with the largest net taxable value within the jurisdiction.

⁴ The District's total direct rate is the weighted average of all individual direct rates applied to the District excludes revenues derived from aircraft.

Chino Valley Fire District
 Staff Report Attachment– June 14, 2023
 2023-24 Original Budget Workshop

DISCUSSION

The FY24 Original Budget document represents the culmination of a collaborative budget development process which officially kicked-off last December. A number of study and review sessions were held in support of the compilation of the budget, including this Budget Workshop.

Seeking Excellence, Remaining Transparent & Valuing the Public Trust

As documented in the FY24 budget, the District once again received recognition from the Government Finance Officers Association for both its award-winning annual budget and comprehensive annual financial report. Additionally, the District is accredited as a Platinum District of Distinction (DoD) by the Special District Leadership Foundation (SDLF). The Platinum DoD award is SDLF’s highest level of recognition for a district.

These prestigious awards evidence the District’s ongoing commitment to public trust and transparency, and reinforce our dedication to the District’s core values of faithfulness, integrity and excellence.

Budget Summary

Highlights of the FY24 budget include a balanced budget, with a operating surplus of \$240,913. Total revenues and expenditures are budgeted at nearly \$55.3 million and \$55.03 million respectively. Unrestricted ending Fund balance is projected to be about \$33.8 million at June 30, 2024.

FY24 Original Budget Document

The FY24 Original budget document is attached to this staff report and contains a wealth of general information regarding the District, as well as detailed information regarding next year's proposed budget. The appropriate public notices regarding this workshop and the public budget have been provided in the local newspaper, at the District's administrative offices and on the District's website.

RECOMMENDATION

It is recommended that the Board of Directors review, approve and adopt Resolution No. 2023-08, approving and adopting the 2023-24 Original Budget.

PUBLIC HEARING

**CHINO VALLEY INDEPENDENT FIRE DISTRICT
STAFF REPORT**

DATE: JUNE 14, 2023

**TO: JOHN DEMONACO, BOARD PRESIDENT
ALL MEMBERS OF THE BOARD**

FROM: DAVE WILLIAMS, FIRE CHIEF

SUBJECT: PROPERTIES DECLARED FOR WEED ABATEMENT

PURPOSE:

Purpose is for the Public to comment on the declaring and noticing of property owner(s) for weed abatement.

DISCUSSION:

At the April 12, 2023 Board of Directors meeting, Resolution No. 2023-06 was approved and adopted, identifying properties throughout the District to be noticed in accordance with Ordinance 2022-01 for weed abatement.

After the initial Spring inspections, all property owners in violation of the aforementioned Ordinance received a Notice to Destroy, as prescribed in said Ordinance. As stated in each respective notice, property owners were given until June 14, 2023 to abate the noted hazard. Failure to abate the noted hazard is subject to an Administrative Citation and action by our office to abate the property utilizing our private contractor. Our office will begin reinspections on June 15, 2023 and will take the noted actions to bring properties into compliance.

In accordance with our resolution, we are to hold a public hearing allowing property owners to address the Board on this matter.

RECOMMENDATION:

It is recommended that the Board of Directors review public comment on the declaring and noticing of property owner(s) for weed abatement and subsequent actions and charges, as well as make any rulings on any and all objections raised regarding the proposed removal of weeds and said charges.

8. CONSIDERATION OF A DISTRICT STANDALONE COMMUNITY SUPPORT FUND POLICY

Purpose is for the Board of Directors to review and consider adopting a standalone Fire District Community Support Fund Policy.

Report By: District Legal Counsel Isaac Rosen

District Legal Counsel highlighted the following details of the proposed Policy: Board of Directors would vote annually to determine the total amount of Community Support Funds disbursed each fiscal year; each Board Member may disburse up to one fifth of the total amount allocated per fiscal year in contributions to eligible nonprofit organizations of their own choosing that further the public purposes of providing fire protection services, mitigating fire risk for District residents, or supporting all-risk emergency services provided by the Fire District; and recipients would be required to enter into a grant agreement with the District outlining the duties and responsibilities of the recipient.

RECOMMENDATION: It is recommended the Board of Directors review and consider approving the standalone Community Support Fund Policy or provide alternative direction to District staff.

There were no requests from the public to speak on this item.

Discussion was held among the Board of Directors regarding the benefits that the Policy offered to the community. Additionally, concerns regarding the distribution of District collected revenues and public funds was discussed.

Director Kreeger moved to amend Section 2.3 of the standalone Community Support Fund Policy by adding “for the welfare and benefit of the community” and to approve the policy as amended. Motion not seconded; motion failed.

Report By: Deputy Chief Jeremy Ault

Deputy Chief Ault provided the Board of Directors with the key terms of the agreement. He also reported that the agreement will be in effect until June 30, 2025. The agreement would not exceed four full academies for a fee of fifteen thousand dollars (\$15,000.00) per academy.

RECOMMENDATION: It is recommended the Board of Directors approve Agreement No. 2023-05 with Mt. San Antonio College to host their Regional Fire Academy at the Fire District's Training Facility and authorize the Fire Chief to execute the agreement on behalf of the District.

There were no requests from the public to speak on this item.

Discussion was held among the Board of Directors regarding the shortened term and benefits of the agreement as well as support for the academy. Also, discussion was held regarding Mt. San Antonio's initial request for a short-term agreement until the College was able to find a permanent facility to host their Regional Fire Academy.

President DeMonaco commented on the financial impact this program places on the District and potential challenges to training opportunities.

Moved by Director Ramos-Evinger, seconded by Vice President Luth, carried by a 3-1 voice vote for the Board of Directors to approve Agreement No. 2023-05 with Mt. San Antonio College to host their Regional Fire Academy at the Fire District's Training Facility and authorize the Fire Chief to execute the agreement on behalf of the District.

AYES: BOARD MEMBERS: Luth, Kreeger and Ramos-Evinger.

NOES: BOARD MEMBERS: DeMonaco.

ABSTAIN: BOARD MEMBERS: None.

ABSENT: BOARD MEMBERS: Haughey.

FIRE CHIEF'S COMMENTS

Personnel Development Activities:

- On April 17 – 19 Chino Valley Fire District conducted an internal promotional process for the position of Fire Captain. Fire Chief Williams also announced that there are 8 candidates on the eligibility list.
- On April 16 – 20 Board Members Kreeger and Haughey along with the Fire Chief attended legislative outreach in Washington DC.
- Human Resources staff attended 6 different training workshops this past month:
 - SDRMA Spring Education Day
 - IEPMA Lunch and Learn
 - LCW California Public Records Act Training
 - Peer Support Training
 - AFSS Educational Forum
 - Tyler Connect (New World)

CONFIRE Items of Interest:

CONFIRE's top priority remains focused on ensuring full-staffing for its Dispatch centers. As CONFIRE continues to hire new call-takers and dispatchers, they continue to experience a 25% fail rate with the new hires completing their mandatory training. This is consistent with the industry standard, and they continue to look for opportunities to modify and enhance their training programs.

The Fire District remains focused on the county ambulance proposal as the District continues to plan and prepare for potential next steps. The county has pushed back the "notice of intent to negotiate," to May 15. The "notice of award to provider" is slated to occur on June 1, and the "last day to protest" is June 12. The final contract is anticipated be taken to the County Board of Supervisors for ratification on July 25.

Organizational Items of Interest:

- On April 14 – 16 Chino Valley Fire District collaborated with Chino Police Department to provide Community Emergency Response Team (CERT) Training for the Chino community.
- Chief Officers attended the Annual San Bernardino County Cooperators.
- Chief Officers attended the Annual Interagency Wildland Fire Management Conference in San Diego.
- Haz Mat Team trained on Grounding and Bonding for overturned big rigs.
- Medic Cart and Reserve Truck displayed American Flag at the Corn Feed Run and attended by 9 Explorers and 3 District Personnel.
- ICEMA (Inland Counties Emergency Medical Agency) Inspections completed for all ALS (Advance Life Support) units.
- The District now has 3 Admin personnel attending Peer Support classes.
- Staff participated in Chino High School's SADD (Students Against Destructive Decisions) event.

- Fire Chief Williams provided the Board of Directors with copies of the Chino Valley Fire District 2022 Annual Report.
- Fire Chief Williams wished everyone a Happy Mother's Day.

Upcoming Events:

- On May 16 – 17 the Board of Directors and Fire Chief Williams will attend the CSDA (California Special Districts Association) Legislative Days in Sacramento.
- On May 17 there is a Section 115 Trust Investment Committee Meeting scheduled at 10 a.m. at the Fire District Administration office.
- On May 20 the Chino Valley Fire Foundation Bike and Hot Rod Show will take place at the Shoppes at Chino Hills.
- On May 22 – 24 Command Staff, Training and several suppression personnel will attend CFED (California Fire, EMT, and Disaster) Conference.
- On May 22 there is a Finance Committee Meeting scheduled at 8 a.m. at the Fire District Administration office.
- On May 25 there is a Special Board Meeting/Budget Workshop scheduled at 4 p.m. at the Training Center in Chino.
- On May 31 the City Chino Hills will host their State of the City Event.
- On May 31 – June 2 the Deputy Chiefs and Fire Chief will attend the County Chief's Strategic Planning Retreat.
- On June 7 Supervisor Hagman will host an Open House and Resource Fair at his District Office in Chino Hills. The Professional Firefighters Union will be cooking and providing food for the event.

BOARD COMMITTEE REPORTS/BOARD COMMENTS

NEW BUSINESS

1. **2023-24 ORIGINAL BUDGET WORKSHOP**

Purpose is to conduct a 2023-24 Original Budget Workshop to provide for budget input and direction to staff.

Report By: Finance Director Mark Shaker

Finance Director Mark Shaker provided a PowerPoint presentation of the 2023-24 Original Budget. He reported that the workshop objectives were to provide for an interactive review and discussion; solicit public comment; and obtain direction from the Board.

RECOMMENDATION: It is recommended that the Board of Directors receive this budget input and provide direction to staff regarding the FY24 draft Original Budget.

There were no requests from the public to speak on this item.

Finance Director Mark Shaker provided an overview of the original budget development process and the timeline.

The Board of Directors participated in the workshop interactively with questions, and Finance Director Mark Shaker provided clarifications.

There was general discussion regarding pension liabilities; unassigned fund balance; mutual aid revenue; ERAF (Educational Revenue Augmentation Fund); turnout rental program; and the District's Strategic Plan. Additionally, it was agreed that ideas to advance the CPR AED/First Aid programs would be discussed at a subsequent workshop.

Finance Director Mark Shaker indicated that District's consultant HDL would attend a future regular meeting of the Board of Directors to provide an overview of the property tax components.

No action was taken on this item. The public hearing to adopt the Fiscal Year 2023-2024 Budget is scheduled for the June 14, 2023, regular meeting of the Board of Directors.

BOARD COMMITTEE REPORTS/BOARD COMMENTS

The Board of Directors thanked staff for their efforts in preparing the proposed budget.

Chief Williams acknowledged Finance Director Shaker, staff, and the bargaining units for their diligence and cooperation in preparing the proposed budget for Fiscal Year 2023-24.

ADJOURNMENT

The meeting adjourned at 5:36 p.m. to a Regular Meeting of the Board of Directors of the Chino Valley Independent Fire District to be held on Wednesday, June 14, 2023 at 6:00 p.m. at District Headquarters located at 14011 City Center Drive, Chino Hills, CA 91709.

MONTHLY FINANCIAL REPORT 3.

CHINO VALLEY INDEPENDENT FIRE DISTRICT STAFF REPORT

DATE: JUNE 14, 2023

**TO: JOHN DEMONACO, BOARD PRESIDENT
ALL MEMBERS OF THE BOARD**

FROM: DAVE WILLIAMS, FIRE CHIEF

SUBJECT: MONTHLY FINANCIAL REPORT - MAY 2023

PURPOSE:

The purpose is to present the Chino Valley Fire District's financial activity for the month ended May 31, 2023, and for the fiscal year-to-date in comparison to the Amended budget.

DISCUSSION:

This report provides revenue and expenditure information for the month of May 2023, and for the fiscal year in comparison to the 2022-23 amended budget and the prior year-to-date actual amounts.

Cyclical Nature of District Revenues and Year-End Adjustments

As District revenues are largely cyclical, the majority of District property tax revenues are received during the November/December and April/May timeframes. Readers of the District's monthly financial reports should be cautioned when drawing conclusions regarding total revenues minus total expenses in any given month. Generally, over time, a more meaningful comparison may be drawn between the current and prior year-to-date totals, as well as the year-to-date variances between budgeted and actual financial performance. Additionally, there are a number of required adjustments to the District's financial statements after each fiscal year-end which can have a significant impact on the final numbers for the fiscal year. Over the course of the fiscal year, the attached two-year revenue and expenditure comparison graphs are intended to provide a summary comparison of the District's total revenues and expenditures between the current and prior fiscal year-to-date.

RECOMMENDATION:

It is recommended that the Board of Directors of the Chino Valley Fire District receive and file this financial report.

MONTHLY TREASURER'S REPORT 4.

CHINO VALLEY INDEPENDENT FIRE DISTRICT STAFF REPORT

DATE: JUNE 14, 2023

TO: JOHN DEMONACO, BOARD PRESIDENT
ALL MEMBERS OF THE BOARD

FROM: DAVE WILLIAMS, FIRE CHIEF

SUBJECT: MONTHLY TREASURER'S REPORT - APRIL 2023

PURPOSE:

The purpose of this report is to inform the Board of Directors of current investment activities of the Chino Valley Fire District.

DISCUSSION:

Attached is a summary of the cash in bank and District investments. The information is displayed graphically as follows:

Chart 1: Presents a Two Year Overview of Cash Deposits and Unrestricted Investment Funds.

Chart 1A: Presents a One Year Overview of Restricted Investment Funds.

Chart 2: Presents an Overview of Total Cash and Unrestricted Investments beginning January 1996 to date.

Chart 3: Presents an Overview of the Rate of Return from the LAIF account beginning January 1996 to date.

As the District generally observes a "buy and hold" strategy, the District typically holds investments until maturity, unless called by the issuing agency, if applicable. Accordingly, fluctuating market values of the District's fixed instrument investments, while noted in this report, are only realized if these investments are liquidated prior to maturity. Government accounting standards require that the District account for market values below cost, if applicable.

In FY17, the District deposited \$5 million into a Section 115 Retirement Trust and another \$2.45 million after inception. Funds accumulated in the Trust are legally restricted for use in paying down pension obligations. Accordingly, 115 Trust funds are reported in the Treasurer's Report as restricted investments. Chart 1A also includes funds received in February 2022 from the City of Chino Hills under an agreement for construction of Fire Station 68 in Chino Hills. By agreement, these funds are

restricted for construction of the new fire station.

The Sweep earned a posted rate of return of 0.10% as of April 30.

The monthly average rate of return on the LAIF account was 2.870% for April. The daily yield as of May 31 was 3.02%.

RECOMMENDATION:

It is recommended that the Board of Directors receive and file this Treasurer's Report for the period.

**CHINO VALLEY INDEPENDENT FIRE DISTRICT
STAFF REPORT**

DATE: JUNE 14, 2023

**TO: JOHN DEMONACO, BOARD PRESIDENT
ALL MEMBERS OF THE BOARD**

FROM: DAVE WILLIAMS, FIRE CHIEF

**SUBJECT: AGREEMENT NO. 2023-08 - AMERICAN TECHNOLOGIES, INC. DBA ATI
RESTORATION**

PURPOSE:

Purpose is for the Board of Directors to review and approve Agreement No. 2023-08 with ATI Restoration, which provided the necessary cleanup and restoration of the District's facilities building as a result of the fire that occurred on May 3, 2023.

DISCUSSION:

At approximately 4:50 a.m. on May 3, 2023, fire personnel were dispatched to a fire at the District's facilities building located at 5076 Carter Ct. in Chino. The fire was extinguished, which resulted in minimal damaged given the various district vehicles located within the building.

The fire caused significant smoke and water damage to the interior of the building along with the loss of one fire engine. The cause of the fire is still under investigation.

Special District Risk Management Authority (SDRMA), the District's insurance carrier, was contacted and a claim was filed. SDRMA contracted with ATI Restoration to provide the necessary cleanup and repair of the facility. Cleanup included cleaning the soot off the walls, ceilings, rafters, floor and windows; cleaning of upholstery in affected vehicles; ozone and deodorization as needed; removal and repair of drywall.

Work commenced later on May 3 and continued as of the week of May 22, 2023. District staff along with legal counsel reviewed the District's procurement policy to determine if a contract could be initiated between the District and ATI Restoration. The dire need to repair the Carter Facility fell within the emergency procurement of the procurement policy. The policy allows the District to proceed with the execution of the contract but does require said contract to be submitted to the Fire Board for approval. In addition, the emergency procurement is permitted when the Fire Chief has determined "an

emergency is deemed to exist and it is determined that service involving the public health, safety or welfare would be interrupted if the normal procedure were followed.” In this particular circumstance, the “health and safety” of District employees was such that the contract with ATI Restoration was needed for immediate services.

Because of the circumstances surrounding the fire and its location being one that is heavily utilized by District employees, there was an immediate need to remedy the situation. The District was fortunate to have been provided the services of ATI Restoration, who have extensive experience with the repairing buildings damaged as a result of a fire. As such, the Fire Chief contracted with ATI to quickly clean up and repair the building so as not to prolong the work interference caused by the fire.

The approximate cost for the repair is \$185,000. It is staff’s understanding that the District will pay for the work and get reimbursed from SDRMA for the total cost of the invoice minus the \$1,000 deductible per the insurance policy. There are sufficient funds to pay for this; no additional funds need to be appropriated.

RECOMMENDATION:

It is recommended that the Board review and approve Agreement No. 2023-08 with American Technologies Inc., dba ATI Restoration as a matter of formality given that the work has already been performed, which has, thus far, met and exceeded the expectations of District staff.

B. Consultant is duly licensed and has the necessary qualifications to provide such services.

C. The Parties desire by this Agreement to establish the terms for District to retain Consultant to provide the services described herein.

AGREEMENT

NOW, THEREFORE, IT IS AGREED AS FOLLOWS:

1. Services.

Consultant shall provide the District with the services described in the Scope of Services attached hereto as Exhibit "A."

2. Compensation.

a. Subject to paragraph 2(b) below, the District shall pay for such services in accordance with the Schedule of Charges set forth in Exhibit "B."

b. In no event shall the total amount paid for services rendered by Consultant under this Agreement exceed the sum of **\$185,000**. This amount is to cover all printing and related costs, and the District will not pay any additional fees for printing expenses. Periodic payments shall be made within 30 days of receipt of an invoice which includes a detailed description of the work performed. Payments to Consultant for work performed will be made on a monthly billing basis.

3. Additional Work.

If changes in the work seem merited by Consultant or the District, and informal consultations with the other party indicate that a change is warranted, it shall be processed in the following manner: a letter outlining the changes shall be forwarded to the District by Consultant with a statement of estimated changes in fee or time schedule. An amendment to this Agreement shall be prepared by the District and executed by both Parties before performance of such services, or the District will not be required to pay for the changes in the scope of work. Such amendment shall not render ineffective or invalidate unaffected portions of this Agreement.

4. Maintenance of Records.

Books, documents, papers, accounting records, and other evidence pertaining to costs incurred shall be maintained by Consultant and made available at all reasonable times during the contract period and for four (4) years from the date of final payment under the contract for inspection by District.

5. Time of Performance.

The term of this Agreement shall be from **May 4, 2023** to **September 30, 2023**, unless earlier terminated as provided herein. The Parties may, by mutual, written consent, extend the term of this Agreement if necessary to complete the Project. Consultant shall perform its services in a prompt and timely manner within the term of this Agreement and shall commence performance upon receipt of written notice from the District to proceed ("Notice to Proceed"). The Notice to Proceed shall set forth the date of commencement of work.

6. Delays in Performance.

a. Neither District nor Consultant shall be considered in default of this Agreement for delays in performance caused by circumstances beyond the reasonable control of the non-performing party. For purposes of this Agreement, such circumstances include but are not limited to, abnormal weather conditions; floods; earthquakes; fire; epidemics; pandemics; war; riots and other civil disturbances; strikes, lockouts, work slowdowns, and other labor disturbances; sabotage or judicial restraint.

b. Should such circumstances occur, the non-performing party shall, within a reasonable time of being prevented from performing, give written notice to the other party describing the circumstances preventing continued performance and the efforts being made to resume performance of this Agreement.

7. Compliance with Law.

a. Consultant shall comply with all applicable laws, ordinances, codes and regulations of the federal, state and local government, including Cal/OSHA requirements.

b. If required, Consultant shall assist the District, as requested, in obtaining and maintaining all permits required of Consultant by federal, state and local regulatory agencies.

c. If applicable, Consultant is responsible for all costs of clean up and/ or removal of hazardous and toxic substances spilled as a result of his or her services or operations performed under this Agreement.

8. Standard of Care

Consultant's services will be performed in accordance with generally accepted professional practices and principles and in a manner consistent with the level of care and skill ordinarily exercised by members of the profession currently practicing under similar conditions.

9. Assignment and Subconsultant

Consultant shall not assign, sublet, or transfer this Agreement or any rights under or interest in this Agreement without the written consent of the District, which may be withheld for any reason. Any attempt to so assign or so transfer without such consent shall be void and without legal effect and shall constitute grounds for termination. Subcontracts, if any, shall contain a provision making them subject to all provisions stipulated in this Agreement. Nothing contained herein shall prevent Consultant from employing independent associates, and subconsultants as Consultant may deem appropriate to assist in the performance of services hereunder.

10. Independent Contractor

Consultant is retained as an independent contractor and is not an employee of District. No employee or agent of Consultant shall become an employee of District. The work to be performed shall be in accordance with the work described in this Agreement, subject to such directions and amendments from District as herein provided.

11. Insurance. Consultant shall not commence work for the District until it has provided evidence satisfactory to the District it has secured all insurance required under this section. In addition, Consultant shall not allow any subcontractor to commence work on any subcontract until it has secured all insurance required under this section.

a. Commercial General Liability

(i) The Consultant shall take out and maintain, during the performance of all work under this Agreement, in amounts not less than specified herein, Commercial General Liability Insurance, in a form and with insurance companies acceptable to the District.

(ii) Coverage for Commercial General Liability insurance shall be at least as broad as the following:

(1) Insurance Services Office Commercial General Liability coverage (Occurrence Form CG 00 01) or exact equivalent.

(iii) Commercial General Liability Insurance must include coverage for the following:

- (1) Bodily Injury and Property Damage
- (2) Personal Injury/Advertising Injury
- (3) Premises/Operations Liability
- (4) Products/Completed Operations Liability
- (5) Aggregate Limits that Apply per Project
- (6) Explosion, Collapse and Underground (UCX) exclusion deleted

- (7) Contractual Liability with respect to this Agreement
- (8) Property Damage
- (9) Independent Contractors Coverage

(iv) The policy shall contain no endorsements or provisions limiting coverage for (1) contractual liability; (2) cross liability exclusion for claims or suits by one insured against another; (3) products/completed operations liability; or (4) contain any other exclusion contrary to the Agreement.

(v) The policy shall give District, its officials, officers, employees, agents and District designated volunteers additional insured status using ISO endorsement forms CG 20 10 10 01 and 20 37 10 01, or endorsements providing the exact same coverage.

(vi) The general liability program may utilize either deductibles or provide coverage excess of a self-insured retention, subject to written approval by the District, and provided that such deductibles shall not apply to the District as an additional insured.

b. Automobile Liability

(i) At all times during the performance of the work under this Agreement, the Consultant shall maintain Automobile Liability Insurance for bodily injury and property damage including coverage for owned, non-owned and hired vehicles, in a form and with insurance companies acceptable to the District.

(ii) Coverage for automobile liability insurance shall be at least as broad as Insurance Services Office Form Number CA 00 01 covering automobile liability (Coverage Symbol 1, any auto).

(iii) The policy shall give District, its officials, officers, employees, agents and District designated volunteers additional insured status.

(iv) Subject to written approval by the District, the automobile liability program may utilize deductibles, provided that such deductibles shall not apply to the District as an additional insured, but not a self-insured retention.

c. Workers' Compensation/Employer's Liability

(i) Consultant certifies that he/she is aware of the provisions of Section 3700 of the California Labor Code which requires every employer to be insured against liability for workers' compensation or to undertake self-insurance in accordance with the provisions of that code, and he/she will comply with such provisions before commencing work under this Agreement.

(ii) To the extent Consultant has employees at any time during the term of this Agreement, at all times during the performance of the work under this Agreement, the Consultant shall maintain full compensation insurance for all persons employed directly by him/her to carry out the work contemplated under this Agreement, all in accordance with the "Workers' Compensation and Insurance Act," Division IV of the Labor Code of the State of California and any acts amendatory thereof, and Employer's Liability Coverage in amounts indicated herein. Consultant shall require all subconsultants to obtain and maintain, for the period

required by this Agreement, workers' compensation coverage of the same type and limits as specified in this section.

d. Professional Liability (Errors and Omissions)

At all times during the performance of the work under this Agreement the Consultant shall maintain professional liability or Errors and Omissions insurance appropriate to its profession, in a form and with insurance companies acceptable to the District and in an amount indicated herein. This insurance shall be endorsed to include contractual liability applicable to this Agreement and shall be written on a policy form specifically designed to protect against acts, errors or omissions of the Consultant. "Covered Professional Services" as designated in the policy must specifically include work performed under this Agreement. The policy must "pay on behalf of" the insured and must include a provision establishing the insurer's duty to defend.

e. Minimum Policy Limits Required

(i) The following insurance limits are required for the Agreement:

Combined Single Limit

Commercial General Liability	\$1,000,000 per occurrence /- \$2,000,000 aggregate for bodily injury, personal injury, and property damage
Automobile Liability	\$1,000,000 combined single limit
Employer's Liability	\$1,000,000 per accident or disease
Professional Liability	\$1,000,000 per claim and aggregate (errors and omissions)

(ii) Defense costs shall be payable in addition to the limits.

(iii) Requirements of specific coverage or limits contained in this section are not intended as a limitation on coverage, limits, or other requirement, or a waiver of any coverage normally provided by any insurance. Any available coverage shall be provided to the parties required to be named as Additional Insured pursuant to this Agreement.

f. Evidence Required

Prior to execution of the Agreement, the Consultant shall file with the District evidence of insurance from an insurer or insurers certifying to the coverage of all insurance required herein. Such evidence shall include original copies of the ISO CG 00 01 (or insurer's equivalent) signed by the insurer's representative and Certificate of Insurance (Acord Form 25-S or equivalent), together with required endorsements. All evidence of insurance shall be signed by a properly authorized officer, agent, or qualified representative of the insurer and shall certify the names of the insured, any additional insureds, where appropriate, the type and amount of the insurance, the location and operations to which the insurance applies, and the expiration date of such insurance.

g. Policy Provisions Required

(i) Consultant shall provide the District at least thirty (30) days prior written notice of cancellation of any policy required by this Agreement, except that the Consultant shall provide at least ten (10) days prior written notice of cancellation of any such policy due to non-payment of premium. If any of the required coverage is cancelled or expires during the term of this Agreement, the Consultant shall deliver renewal certificate(s) including the General Liability Additional Insured Endorsement to the District at least ten (10) days prior to the effective date of cancellation or expiration.

(ii) The Commercial General Liability Policy and Automobile Policy shall each contain a provision stating that Consultant's policy is primary insurance and that any insurance, self-insurance or other coverage maintained by the District or any named insureds shall not be called upon to contribute to any loss.

(iii) The retroactive date (if any) of each policy is to be no later than the effective date of this Agreement. Consultant shall maintain such coverage continuously for a period of at least three years after the completion of the work under this Agreement. Consultant shall purchase a one (1) year extended reporting period A) if the retroactive date is advanced past the effective date of this Agreement; B) if the policy is cancelled or not renewed; or C) if the policy is replaced by another claims-made policy with a retroactive date subsequent to the effective date of this Agreement.

(iv) All required insurance coverages, except for the professional liability coverage, shall contain or be endorsed to provide a waiver of subrogation in favor of the District, its officials, officers, employees, agents, and volunteers or shall specifically allow Consultant or others providing insurance evidence in compliance with these specifications to waive their right of recovery prior to a loss. Consultant hereby waives its own right of recovery against District, and shall require similar written express waivers and insurance clauses from each of its subconsultants.

(v) The limits set forth herein shall apply separately to each insured against whom claims are made or suits are brought, except with respect to the limits of liability. Further the limits set forth herein shall not be construed to relieve the Consultant from liability in excess of such coverage, nor shall it limit the Consultant's indemnification obligations to the District and shall not preclude the District from taking such other actions available to the District under other provisions of the Agreement or law.

h. Qualifying Insurers

(i) All policies required shall be issued by acceptable insurance companies, as determined by the District, which satisfy the following minimum requirements:

(1) Each such policy shall be from a company or companies with a current A.M. Best's rating of no less than A:VII and admitted to transact in the business of insurance in the State of California, or otherwise allowed to place insurance through surplus line brokers under applicable provisions of the California Insurance Code or any federal law.

i. Additional Insurance Provisions

(i) The foregoing requirements as to the types and limits of insurance coverage to be maintained by Consultant, and any approval of said insurance by the District, is not intended to and shall not in any manner limit or qualify the liabilities and obligations otherwise assumed by the Consultant pursuant to this Agreement, including but not limited to, the provisions concerning indemnification.

(ii) If at any time during the life of the Agreement, any policy of insurance required under this Agreement does not comply with these specifications or is canceled and not replaced, District has the right but not the duty to obtain the insurance it deems necessary and any premium paid by District will be promptly reimbursed by Consultant or District will withhold amounts sufficient to pay premium from Consultant payments. In the alternative, District may cancel this Agreement.

(iii) The District may require the Consultant to provide complete copies of all insurance policies in effect for the duration of the Project.

(iv) Neither the District nor any of its officials, officers, employees, agents or volunteers shall be personally responsible for any liability arising under or by virtue of this Agreement.

j. Subconsultant Insurance Requirements. Consultant shall not allow any subcontractors or subconsultants to commence work on any subcontract until they have provided evidence satisfactory to the District that they have secured all insurance required under this section. Policies of commercial general liability insurance provided by such subcontractors or subconsultants shall be endorsed to name the District as an additional insured using ISO form CG 20 38 04 13 or an endorsement providing the exact same coverage. If requested by Consultant, District may approve different scopes or minimum limits of insurance for particular subcontractors or subconsultants.

12. Indemnification.

a. To the fullest extent permitted by law, Consultant shall defend (with counsel of District's choosing), indemnify and hold the District, its officials, officers, employees, volunteers, and agents free and harmless from any and all claims, demands, causes of action, costs, expenses, liability, loss, damage or injury of any kind, in law or equity, to property or persons, including wrongful death, in any manner arising out of, pertaining to, or incident to any acts, errors or omissions, or willful misconduct of Consultant, its officials, officers, employees, subcontractors, consultants or agents in connection with the performance of the Consultant's services, the Project or this Agreement, including without limitation the payment of all damages, expert witness fees and attorney's fees and other related costs and expenses. Consultant's obligation to indemnify shall not be restricted to insurance proceeds, if any, received by Consultant, the District, its officials, officers, employees, agents, or volunteers.

b. If Consultant's obligation to defend, indemnify, and/or hold harmless arises out of Consultant's performance of "design professional" services (as that term is defined under Civil Code section 2782.8), then, and only to the extent required by Civil Code section 2782.8, which is fully incorporated herein, Consultant's indemnification obligation shall be limited to claims that arise out of, pertain to, or relate to the negligence, recklessness, or willful misconduct of the Consultant, and, upon Consultant obtaining a final adjudication by a court of competent

jurisdiction, Consultant's liability for such claim, including the cost to defend, shall not exceed the Consultant's proportionate percentage of fault.

13. California Labor Code Requirements.

a. Responsibility. Consultant is aware of the requirements of California Labor Code Sections 1720 et seq. and 1770 et seq., and California Code of Regulations, Title 8, Section 16000, et seq., which require the payment of prevailing wage rates and the performance of other requirements on certain "public works" and "maintenance" projects ("Prevailing Wage Laws"). Consultant acknowledges that Consultant alone shall assume any and all responsibility relating to, and be solely responsible for, determining whether or not Prevailing Wage Laws must be complied with for Consultant services. If the services are being performed as part of an applicable "public works" or "maintenance" project, as defined by the Prevailing Wage Laws, and if the total compensation is \$1,000 or more, Consultant agrees to fully comply with such Prevailing Wage Laws. Consultant shall defend, indemnify and hold the District, its officials, officers, employees and agents free and harmless from any claims, liabilities, costs, penalties or interest arising out of any failure or alleged failure to comply with the Prevailing Wage Laws. It shall be mandatory upon the Consultant and all subconsultants to comply with all California Labor Code provisions, which include but are not limited to prevailing wages (Labor Code Sections 1771, 1774 and 1775), employment of apprentices (Labor Code Section 1777.5), certified payroll records (Labor Code Sections 1771.4 and 1776), hours of labor (Labor Code Sections 1813 and 1815) and debarment of contractors and subcontractors (Labor Code Section 1777.1). The requirement to submit certified payroll records directly to the Labor Commissioner under Labor Code section 1771.4 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Section 1771.4.

b. If the services are being performed as part of an applicable "public works" or "maintenance" project, then pursuant to Labor Code Sections 1725.5 and 1771.1, the Consultant and all subconsultants performing such services must be registered with the Department of Industrial Relations. Consultant shall maintain registration for the duration of the Project and require the same of any subconsultants, as applicable. Notwithstanding the foregoing, the contractor registration requirements mandated by Labor Code Sections 1725.5 and 1771.1 shall not apply to work performed on a public works project that is exempt pursuant to the small project exemption specified in Labor Code Sections 1725.5 and 1771.1.

c. This Agreement may also be subject to compliance monitoring and enforcement by the Department of Industrial Relations. It shall be Consultant's sole responsibility to comply with all applicable registration and labor compliance requirements. Any stop orders issued by the Department of Industrial Relations against Consultant or any subcontractor that affect Consultant's performance of services, including any delay, shall be Consultant's sole responsibility. Any delay arising out of or resulting from such stop orders shall be considered Consultant caused delay and shall not be compensable by the District. Consultant shall defend, indemnify and hold the District, its officials, officers, employees and agents free and harmless from any claim or liability arising out of stop orders issued by the Department of Industrial Relations against Consultant or any subcontractor.

d. Waivers and Releases. Consultant, on behalf of itself, its successors, and assigns, waives and releases District from any right of action that may be available to any of them pursuant to State Prevailing Wage Laws or applicable Federal law. Relative to the waivers and

releases contained in this Section 13, Consultant acknowledges the protections of Civil Code section 1542, which reads as follows:

A GENERAL RELEASE DOES NOT EXTEND TO CLAIMS THAT THE CREDITOR OR RELEASING PARTY DOES NOT KNOW OR SUSPECT TO EXIST IN HIS OR HER FAVOR AT THE TIME OF EXECUTING THE RELEASE AND THAT, IF KNOWN BY HIM OR HER, WOULD HAVE MATERIALLY AFFECTED HIS OR HER SETTLEMENT WITH THE DEBTOR OR RELEASED PARTY.

By initialing below, Consultant knowingly and voluntarily waives the provisions of Section 1542 solely in connection with the waivers and releases of this Section 13:

Initials of Authorized
Consultant Representative

14. Verification of Employment Eligibility.

By executing this Agreement, Consultant verifies that it fully complies with all requirements and restrictions of state and federal law respecting the employment of undocumented aliens, including, but not limited to, the Immigration Reform and Control Act of 1986, as may be amended from time to time, and shall require all subconsultants and sub-subconsultants to comply with the same.

15. Reserved.

Consultant is hereby made aware of the District's requirements regarding materials, as set forth in, which are deemed to be a part of this Agreement.

16. Laws and Venue.

This Agreement shall be interpreted in accordance with the laws of the State of California. If any action is brought to interpret or enforce any term of this Agreement, the action shall be brought in a state or federal court situated in the County of San Bernardino, State of California.

17 Termination or Abandonment

a. District has the right to terminate or abandon any portion or all of the work under this Agreement by giving ten (10) calendar days written notice to Consultant. In such event, District shall be immediately given title and possession to all original field notes, drawings and specifications, written reports and other documents produced or developed for that portion of the work completed and/or being abandoned. District shall pay Consultant the reasonable value of services rendered for any portion of the work completed prior to termination. If said termination occurs prior to completion of any task for the Project for which a payment request has not been received, the charge for services performed during such task shall be the reasonable value of such services, based on an amount mutually agreed to by District and Consultant of the portion of such task completed but not paid prior to said termination. District shall not be liable for any costs other than the charges or portions thereof which are specified herein. Consultant shall not

be entitled to payment for unperformed services, and shall not be entitled to damages or compensation for termination of work.

b. Consultant may terminate its obligation to provide further services under this Agreement upon thirty (30) calendar days' written notice to District only in the event of substantial failure by District to perform in accordance with the terms of this Agreement through no fault of Consultant.

18 Documents. Except as otherwise provided in "Termination or Abandonment," above, all original field notes, written reports, Drawings and Specifications and other documents, produced or developed for the Project shall, upon payment in full for the services described in this Agreement, be furnished to and become the property of the District.

19. Organization

Consultant shall assign Andrew Lum as Project Manager. The Project Manager shall not be removed from the Project or reassigned without the prior written consent of the District.

20. Limitation of Agreement.

This Agreement is limited to and includes only the work included in the Project described above.

21. Notice

Any notice or instrument required to be given or delivered by this Agreement may be given or delivered by depositing the same in any United States Post Office, certified mail, return receipt requested, postage prepaid, addressed to:

DISTRICT:

Chino Valley Independent Fire District
14011 City Center Drive
Chino Hills, California 91709
Attn: Deputy Chief Dean Smith

CONSULTANT:

ATI Restoration
1175 Hall Avenue
Riverside, CA 92509
Attn: Andrew Lum

and shall be effective upon receipt thereof.

22. Third Party Rights

Nothing in this Agreement shall be construed to give any rights or benefits to anyone other than the District and the Consultant.

23. Equal Opportunity Employment.

Consultant represents that it is an equal opportunity employer and that it shall not discriminate against any employee or applicant for employment because of race, religion, color, national origin, ancestry, sex, age or other interests protected by the State or Federal

Constitutions. Such non-discrimination shall include, but not be limited to, all activities related to initial employment, upgrading, demotion, transfer, recruitment or recruitment advertising, layoff or termination.

24. Entire Agreement

This Agreement, with its exhibits, represents the entire understanding of District and Consultant as to those matters contained herein, and supersedes and cancels any prior or contemporaneous oral or written understanding, promises or representations with respect to those matters covered hereunder. Each Party acknowledges that no representations, inducements, promises or agreements have been made by any person which are not incorporated herein, and that any other agreements shall be void. This Agreement may not be modified or altered except in writing signed by both Parties hereto. This is an integrated Agreement.

25. Severability

The unenforceability, invalidity or illegality of any provision(s) of this Agreement shall not render the remaining provisions unenforceable, invalid or illegal.

26. Successors and Assigns

This Agreement shall be binding upon and shall inure to the benefit of the successors in interest, executors, administrators and assigns of each Party to this Agreement. However, Consultant shall not assign or transfer by operation of law or otherwise any or all of its rights, burdens, duties or obligations without the prior written consent of District. Any attempted assignment without such consent shall be invalid and void.

27. Non-Waiver

None of the provisions of this Agreement shall be considered waived by either Party, unless such waiver is specifically specified in writing.

28. Time of Essence

Time is of the essence for each and every provision of this Agreement.

29. District's Right to Employ Other Consultants

District reserves its right to employ other consultants, including engineers, in connection with this Project or other projects.

30. Prohibited Interests

Consultant maintains and warrants that it has not employed nor retained any company or person, other than a bona fide employee working solely for Consultant, to solicit or secure this Agreement. Further, Consultant warrants that it has not paid nor has it agreed to pay any company or person, other than a bona fide employee working solely for Consultant, any fee, commission, percentage, brokerage fee, gift or other consideration contingent upon or resulting from the award or making of this Agreement. For breach or violation of this warranty, District shall have the right to rescind this Agreement without liability. For the term of this Agreement, no

director, official, officer or employee of District, during the term of his or her service with District, shall have any direct interest in this Agreement, or obtain any present or anticipated material benefit arising therefrom.

**CHINO VALLEY INDEPENDENT FIRE DISTRICT
STAFF REPORT**

DATE: JUNE 14, 2023

**TO: JOHN DEMONACO, BOARD PRESIDENT
ALL MEMBERS OF THE BOARD**

FROM: DAVE WILLIAMS, FIRE CHIEF

**SUBJECT: PURCHASE OF 3M™ SCOTT™ EMERGENCY BREATHING SAFETY
SYSTEM (EBSS) PARTS**

PURPOSE:

Purpose is for the Board of Directors to review and approve Agreement No. 2023-07 for the proposed encumbrance of funds for purchase of 3M™ SCOTT™ Emergency Breathing Safety System (EBSS) parts to comply with 2018 - NFPA 1981 standard for universal connection for the amount of \$124,273.95 and authorize the Fire Chief to execute the necessary documents on behalf of the Fire District.

DISCUSSION:

The Chino Valley Fire District utilizes SCOTT self-contained breathing apparatus (SCBA) for structural firefighting, hazardous materials incidents, confined space entry, and any environment deemed immediately dangerous to life and health (IDLH) as defined by policy, OSHA regulation and applicable law. The National Fire Protection Association (NFPA) requires all SCBA manufactures to provide a common fitting that can be used universally across all manufactures to quickly fill SCBA's or allow users to share air with each other in emergency operations. The concept is to provide a universal fitting that can be used in an emergency situation such as a Firefighter down scenario, where air from one user's tank can be shared with another user, regardless of manufacture type.

The Universal Emergency Breathing Safety System (UEBSS) was introduced as part of the NFPA 1981, 2018 edition and incorporates standardized Rectus-Type fittings to enable compatibility between all NFPA SCBA manufacturers. Currently, CVFD has thirteen SCBA's in compliance with the 2018 UEBSS standard. There are 87 CVFD SCBA's that are not in compliance with the NFPA recommendation. As a result, the majority of CVFD's SCBA's cannot be used universally with our newer models due to safety concerns. Furthermore, our packs may not be adaptable to adjoining fire agencies during automatic and mutual aid assignments.

Recognizing this critically needed upgrade, staff worked to allocate funds in the 2022-2023 budget. CVFD trained technicians will perform all upgrades to the legacy equipment during the annual flow test period, limiting costs of the upgrade. Staff is seeking authorization of funds in the amount of \$124,273.95 for the purchase of all equipment needed to upgrade of all SCBA packs in need of NFPA 1981, 2018 standard UEBSS upgrade.

RECOMMENDATION:

It is recommended that the Board of Directors approve Agreement No. 2023-07 in the amount of \$124,273.95 to complete UEBSS upgrade to SCBA air packs to ensure all SCBA's are compliant with NFPA standard and authorize the Fire Chief to execute the necessary documents on behalf of the Fire District.

3M™ Scott™ Emergency Breathing Safety System (EBSS)

Question

What is an Emergency Breathing Safety System (EBSS)?

Answer

The EBSS is an accessory option for the SCBA intended to support “buddy” breathing operation between two users with compatible SCBA.

Question

How does the Universal Emergency Breathing Safety System (UEBSS) differ?

Answer

The UEBSS was introduced as part of the NFPA 1981, 2018 Edition standard and incorporates standardized Rectus-type fittings to enable compatibility between all NFPA SCBA manufacturers. In addition, the UEBSS has a defined operating pressure range of 80 to 150 psig.

Question

Is the UEBSS required on all SCBA certified to the NFPA 1981, 2018 Edition standard?

Answer

No. The UEBSS is an optional accessory to the SCBA.

Question

Can the UEBSS be installed on SCBA certified to prior editions of NFPA 1981?

Answer

No. The UEBSS is not certified under previous editions of the NFPA 1981 standard.

Question

Will 3M Scott offer an EBSS solution to provide compatibility with the UEBSS?

Answer

Yes. 3M Scott offers an EBSS hose and manifold assembly with Rectus-type fittings (part number 201699-01) for use with 3M™ Scott™ Air-Pak™ X3 Pro SCBA and 3M™ Scott™ Air-Pak™ X3 SCBA certified to the NFPA 1981, 2013 Edition standard. This solution provides compatibility with SCBA that are certified to the NFPA 1981, 2018 Edition standard and configured with the UEBSS.

Question

Does the solution above qualify as a Universal EBSS as defined by the NFPA 1981, 2018 Edition standard? If so, can I install a pouch with the UEBSS marking?

Answer

No. Although the fittings are the same as what is required on the Universal EBSS, the term “UEBSS” and the associated pouch are reserved for SCBA certified to the NFPA 1981, 2018 Edition standard. This is true for new SCBA and SCBA that are upgraded from a prior edition.

Question

If I install the EBSS hose and manifold assembly with Rectus-type fittings to my existing SCBA, does this qualify as an upgrade to the NFPA 1981, 2018 Edition standard?

Answer

No. An upgrade kit to the NFPA 1981, 2018 Edition standard will consist of additional components.

Question

Will 3M Scott offer an upgrade kit to the NFPA 1981, 2018 Edition standard?

Answer

Yes. As noted in prior documentation, upgrade kits will be available for the Air-Pak X3 SCBA and Air-Pak X3 Pro SCBA (timing TBD).

Questions & Answers

Question

Can I convert the quick-disconnect regulator on my NFPA 1981, 2013 Edition SCBA to the Rectus-type fittings?

Answer

No. The quick-disconnect regulator with Rectus-type fittings is not currently approved for use with the Air-Pak X3 Pro SCBA and Air-Pak X3 SCBA, certified to the NFPA 1981, 2013 Edition standard. As of the date of this document, 3M Scott is working on obtaining all required approvals.

Question

Will the EBSS hose and manifold assembly with Rectus-type fittings be available for the 3M™ Scott™ Air-Pak™ 75 SCBA and 3M™ Scott™ Air-Pak™ Wireframe SCBA?

Answer

No. The EBSS hose and manifold assembly with Rectus-type fittings is not currently available for the Air-Pak 75 and Air-Pak Wireframe SCBA.

Question

Can I use the UEBSS or EBSS hose and manifold assembly with Rectus-type fittings as a supplied airline?

Answer

Yes. The EBSS hose and manifold assembly with Rectus-type fittings will function as a supplied airline by using the compatible extended duration airline adapter.

Question

Does 3M Scott offer a RIT solution compatible with the UEBSS or EBSS hose and manifold assembly with Rectus-type fittings?

Answer

Yes. The 3M™ Scott™ RIT-Pak III Emergency Air Supply and 3M™ Scott™ RIT-Pak Fast Attack Emergency Air Supply are available in configurations compatible with the UEBSS or EBSS hose and manifold assembly with Rectus-type fittings. Customers may also upgrade existing RIT-Pak III and RIT-Pak Fast Attack models to add the Rectus-type fittings.

Question

Does the UEBSS or EBSS hose and manifold assembly with Rectus-type fittings operate the same as the Dual EBSS with Hansen-type fittings?

Answer

No. The operation will be identical except for the following scenario:

WHEN TWO RESPIRATORS ARE CONNECTED BY THE UEBSS HOSES AND THE RESPIRATOR REQUIRING SUPPORT (THE RECEIVER) HAS ACTIVATED ITS VIBRALERT, THE PERSON GIVING SUPPORT (THE DONOR) WILL BREATHE AIR FROM RECEIVER'S RESPIRATOR. IN ADDITION, THE VIBRALERT ON THE DONOR'S RESPIRATOR WILL NOT ACTIVATE. FOR MORE INFORMATION, CONTACT 3M OR YOUR AUTHORIZED 3M SCOTT DISTRIBUTOR.

**CHINO VALLEY INDEPENDENT FIRE DISTRICT
STAFF REPORT**

DATE: JUNE 14, 2023

**TO: JOHN DEMONACO, BOARD PRESIDENT
ALL MEMBERS OF THE BOARD**

FROM: DAVE WILLIAMS, FIRE CHIEF

**SUBJECT: RESOLUTION NO. 2023-07 APPROVING CAL FIRE FY 2023-24
CONTRACT AGREEMENT NO. 2023-06**

PURPOSE:

Purpose is for the Board of Directors to review, approve and adopt Resolution No. 2023-07, approving Agreement No. 2023-06 with the California Department of Forestry and Fire Protection (Cal Fire) from July 1, 2023, through June 30, 2024.

DISCUSSION:

The District maintains a contract with Cal Fire for supplemental wildland fire protection of designated Hazardous Fire Areas in Chino and Chino Hills. Through this contract, Cal Fire assumes primary financial responsibility for preventing and suppressing wildfires within, or threatening, the contract area. In the event of a significant wildfire in the contract area, fire suppression costs would likely quickly exceed the cost of the proposed contract.

Contract #3CA06323 between Cal Fire and the District is proposed to cover 12,003 acres, at a total cost of \$490,054.22. The rates from the previous year have increased from \$32.85 per acre, to \$36.45 per acre, due to an increase in Cal Fire suppression cost. The admin rate remains the same from FY22-23, at 12.01%. The total protection rate with the administrative costs equates to \$40.83 per acre.

RECOMMENDATION:

It is recommended that the Board review, approve and adopt Resolution No. 2023-07, approving Agreement No. 2023-06 with the California Department of Forestry and Fire Protection (Cal Fire) from July 1, 2023 through June 30, 2024, authorizing the Board President to sign and execute the

agreement on behalf of the District, and provide direction to staff.

2. AUTHORIZATION

This Agreement is entered into this 1st day of July, 2023, by and between the State of California, hereinafter called STATE and Chino Valley Independent Fire District, County of San Bernardino, State of California, hereinafter called Local Agency through its duly authorized officers. As used herein, Director shall mean Director of the California Department of Forestry and Fire Protection (CAL FIRE). Where the standard clauses for example in Exhibit C, use the word "Contractor" that word shall mean LOCAL AGENCY as LOCAL AGENCY is used in this Agreement.

Section 4142 of the Public Resources Code provides that the Director may enter into cooperative Agreements with local jurisdictions for the purpose of providing wildland fire protection.

3. SCOPE OF WORK

LOCAL AGENCY has the responsibility for protection of life, property, and wildland areas comprising 12,003 acres of land as indicated on the map included under Exhibit E and desires to contract with the STATE to provide wildland fire protection to said area.

STATE has the ability to provide wildland fire protection for said area, of the type and degree, which it now provides on adjacent State Responsibility Areas.

4. SERVICES BY STATE

- A. STATE shall provide wildland fire protection for the areas defined in the above section.
- B. For those areas, which are adjacent to State Responsibility Area, STATE will provide wildland fire protection at the same level of service it now provides on adjacent State Responsibility Area.
- C. For those areas (islands), which are not adjacent to State Responsibility Area, the wildland fire protection provided by the STATE will be limited to those resources identified in the preplanned wildland response for the respective area. Any resources beyond those specified in the preplanned wildland response are assistance by hire and the financial responsibility of the LOCAL AGENCY.

5. ADMINISTRATION

- A. LOCAL AGENCY agrees that STATE may dispatch fire protection resources available under this Agreement to other areas of the state when needed at the sole discretion of STATE.
- B. STATE response will be subject to availability of resources.
- C. Incident Management within the contract area shall conform to current Incident Command System criteria for Unified Command.
- D. STATE and LOCAL AGENCY shall, through established dispatch procedures, immediately notify each other of any fire incident within the contract area.

6. MUTUAL AID

LOCAL AGENCY shall provide mutual aid response into the contract area for wildfires. Structural fire protection remains the jurisdictional and financial responsibility of LOCAL AGENCY.

7. ENTIRE AGREEMENT

This Agreement contains the whole Agreement between the parties. It cancels and supersedes any previous Agreement for the same or similar services.

EXHIBIT B

BUDGET DETAIL, INVOICING, PAYMENT AND RECONCILIATION

1. Invoicing and Payment:

- A. LOCAL AGENCY shall pay STATE for providing said protection at the rate of \$36.45 per acre, plus an 12.01% administrative charge for a total of \$490,054.22 upon presentation of an invoice by STATE. The rate per acre and administrative charge will be calculated by STATE prior to January 1, of each year and annually thereafter, for the succeeding fiscal year subject to approval by LOCAL AGENCY. This Agreement shall be amended each fiscal year to reflect new rates.
- B. STATE shall provide thirty (30) day written notice to LOCAL AGENCY of the cost per acre and the administrative charge to be assessed for each subsequent fiscal year during the term of this Agreement; LOCAL AGENCY shall have thirty (30) days to approve said rate; if written approval is not received by STATE within said period, STATE's obligations hereunder shall terminate; LOCAL AGENCY shall be liable for all amounts due up to and including the date of such termination.
- C. To minimize the need for reconciliation payment is expected in full after the LOCAL AGENCY receives the STATE invoice. Payments made by the LOCAL AGENCY will cover the protection rate per acre and the administrative charge for the protection services rendered by STATE and including any other costs as provided herein, giving credit for all payments made by LOCAL AGENCY and claiming the balance due to STATE, if any, or refunding to LOCAL AGENCY the amount of any overpayment.

2. Budget Contingency Clause

- A. If the LOCAL AGENCY's governing authority does not appropriate sufficient funds for the current year or any subsequent years covered under this Agreement, which results in an inability to pay the STATE for the services specified in this Agreement, the LOCAL AGENCY shall promptly notify the STATE and this Agreement will terminate pursuant to the notice periods required herein.
- B. If funding for any fiscal year is reduced or deleted by the LOCAL AGENCY for purposes of this program, the LOCAL AGENCY shall promptly notify the STATE, and the STATE shall have the option to either cancel this Agreement with no liability occurring to the STATE, or offer an agreement amendment to LOCAL AGENCY to reflect the reduced amount, pursuant to the notice terms herein
- C. If the STATE Budget Act does not appropriate sufficient funds to provide the services for the current year or any subsequent years covered under this Agreement, which results in an inability to provide the services specified in this Agreement to the LOCAL AGENCY, the STATE shall promptly notify the LOCAL AGENCY, and this Agreement will terminate pursuant to the notice periods required herein.

- D. If funding for any fiscal year is reduced or deleted by the STATE Budget Act for purposes of this program, the STATE shall promptly notify the LOCAL AGENCY, and the LOCAL AGENCY shall have the option to either cancel this Agreement with no liability occurring to the LOCAL AGENCY, or offer an agreement amendment to LOCAL AGENCY to reflect the reduced services, pursuant to the notice terms herein.
- E. Notwithstanding the foregoing provisions in paragraphs A and B above, the LOCAL AGENCY shall remain responsible for payment for all services actually rendered by the STATE under this Agreement regardless of LOCAL AGENCY funding being reduced, deleted or not otherwise appropriated for this program. The LOCAL AGENCY shall promptly notify the STATE in writing of any budgetary changes that would impact this Agreement.
- F. LOCAL AGENCY and STATE agree that this Budget Contingency Clause shall not relieve or excuse either party from its obligation(s) to provide timely notice as may be required elsewhere in this Agreement.

EXHIBIT D

SPECIAL TERMS AND CONDITIONS

1. Cancellation

Failure of either party to meet any of the terms and conditions of this Agreement, including non-payment of monies due hereunder, shall be cause for the termination of this Agreement; such termination shall become effective upon written receipt of 30 day notice of cancellation.

2. Audit

If the Agreement is over \$10,000, the parties shall, in accordance with Government Code Section 10532, be subject to examination and audit of the State Auditor General for a period of three (3) years after final payment under the Agreement. Examination and audit shall be confined to those matters connected with performance of the Agreement including, but not limited to, cost of administering the Agreement. The Contractor warrants by execution of this Agreement, that no person or selling agency has been employed or retained to solicit or secure this Agreement upon Agreement or understanding.

3. Operating Plan

Prior to April 1 of each year, STATE and LOCAL AGENCY shall establish a joint Operating Plan for the contract area, which shall be attached after Exhibit E. If LOCAL AGENCY received its structural fire protection from another local agency, the local agency providing the structural fire protection must be party to the Operating Plan.

4. Extension of Agreement

Unless there is written notice by LOCAL AGENCY to terminate this Agreement STATE shall extend this Agreement for a single one-year period from the original termination date. The cost of services provided by STATE during the extended period shall be based upon the rates published for the fiscal year in which the extended period falls had a new Agreement been entered into.

5. Modification

This Agreement may be amended at any time by written mutual consent of the parties hereto.

6. Indemnification

Each party, to the extent permitted by law, agrees to indemnify and hold harmless the other party, its officers, agents, and employees from any and all claims and losses accruing or resulting to any person, firm or corporation who may be injured or damaged by the indemnifying party.

WILDLAND AGREEMENT OPERATING PLAN

FOR

**CALIFORNIA DEPARTMENT OF FORESTRY AND FIRE
PROTECTION
SAN BERNARDINO UNIT**

AND

CHINO VALLEY INDEPENDENT FIRE DISTRICT

1. WHO

This operating plan is between the California Department of Forestry and Fire Protection (CAL FIRE), San Bernardino Unit (BDU) and the Chino Valley Independent Fire District (CHO). It has been developed to specifically discuss the contractual agreement with the BDU and CHO for watershed fire protection within established and agreed upon boundaries found in the agreement.

2. AUTHORITY

Authority for this operating plan is found in the AGREEMENT by both authorizing agencies, BDU and CHO for Wildland Fire Protection dated 7/01/2023 hereafter referred to as AGREEMENT.

3. PURPOSE

The purpose of this operating plan will be to provide Chief Officers of both agencies a means for executing the AGREEMENT and the operating plan is included as part "Exhibit B" of the AGREEMENT.

4. DEFINITIONS AND RESTRICTIONS

See Agreement for definitions and descriptions of general terms.

This operating plan does not allow either agency to operate outside the limitations stated in the AGREEMENT or existing automatic mutual aid agreements.

5. PROCEDURES

- A) Fire Reporting/Reports – When CHO receives a report of a wildfire within the area covered by the AGREEMENT, it will promptly notify the BDU Emergency Command Center (ECC). Each agency will process their appropriate reports and make the information available to the other within 60 days of receipt of the initial incident.
- B) Incident Management – The Incident Command System (ICS) will be used to manage wildfires within the AGREEMENT area. A unified command structure will be implemented with a CAL FIRE representative and a CHO representative. The **SOLAR** communications plan shall be utilized whenever possible to promote consistent communications between the AGREEMENT agencies and other cooperating/responding agencies.
- C) Agreement Area Fires – Each agency will maintain a pre-planned response for fires (also see **SOLAR Plan**) within the AGREEMENT area. Immediate cooperation between agency dispatch centers (BDU ECC and CONFIRE Dispatch) will occur to insure commonality in resource utilization. State resources will be ordered consistent with the terms of the AGREEMENT through the BDU ECC. Any State augmentation to the pre-planned State response must be authorized by a CAL FIRE Chief Officer. Augmentation above the pre-planned response level may require documentation that an adjacent, CAL FIRE Direct Protection Area was threatened, or that the augmentation was justified on a cost efficiency basis.
- D) Mutual Aid – For the purpose of this AGREEMENT, all initial attack resources will be considered mutual aid.
- E) Initial Attack – Initial attack resources will always be based on the closest available resource concept as identified in the pre-planned initial attack response areas.
- F) Move-Up and Cover – Station coverage will be exchanged between both agencies when appropriate. Normally covering agency engines should be replaced with specific agency resources as soon as possible to prevent long term coverage problems.
- G) Fire Information – Whenever possible a Joint Information Center (JIC) will be established and any information released will be coordinated between the two agencies. The establishment of a JIC will not supersede either agencies internal information policy or procedure.

During a Unified Command Fire, PIO's representing both agencies shall:

1. Meet as needed to discuss procedures and locations of potential information centers. Both agencies will strive to keep personnel certified in the field of public information available for use during emergencies.
2. Determine which agency will provide the lead information officer. This will normally be the agency with the greatest commitment of resources or the greatest threat to life/property.

H) Parties to this AGREEMENT (Chief Officer Level) may order resources directly from the Unified Ordering Point (UOP) when an immediate need exists. These resources include engines, fire crews, and bulldozers in accordance with the AGREEMENT. The closest available resource concept will be utilized. The BDU ECC will be utilized as the UOP whenever possible.

6. GENERAL PROCEDURES

Each agencies representative and ECC will meet annually to discuss, review and update boundary fire dispatching, AGREEMENT area dispatching, fire reporting procedures, and exchange information which would affect the other agency.

Periodic monitoring and evaluation of the Operating Plan will provide for orderly and timely amendment and revisions of the Plan. The monitoring will be to determine if:

1. Objectives are being met.
2. Plan direction is being followed.
3. Plan is achieving desired results.
