RELEASE DATE: March 26, 2024

CVFD to Fly Donate Life Flag in Support of Organ/Tissue Donation

Chino Valley Fire will fly Donate Life flags at all fire stations and Fire Administration during the month of April in recognition of Donate Life Month.

By flying the Donate Life flag, Chino Valley Fire will not only be raising public awareness about donation, but also honoring all past organ, eye and tissue donors that have saved or enhanced countless lives with their generous gifts.

There are currently more than 21,000 California residents waiting to receive life-saving hearts, livers, lungs, kidneys and other organs. However, there are not enough donors to meet the growing need in the state or country.

Those wishing to register as an organ and tissue donors can register online at:
www.donateLIFeCalifornia.org or at its Spanish-language counterpart,
www.doneVIDAcalifornia.org.
